UNLESS THE AMERICAN PRISONERS ARE SURRENDERED BEFORE TONIGHT WILSON WILL PROBABLY GO BEFORE CONGRESS

He Will Ask Authority to Rescue the Twenty-Three Men From the Mexicans by Force—Prompt Compliance by Congress of Any Request the President Might Make is Foreshadowed by the Calmness in Both Houses.

PENDING RELEASE OF THE PRISONERS, THE UNITED STATES WILL NOT CONSIDER OFFER OF MEDIATION

Mexican Ambassador Has Had No Intimation of the Course Carranza Will Pursue, and Has Not Even Been Advised of the Receipt of the American Note—Protests Against Arrest of Mexican Citizens in This Country.

Washington, June 27. — Unless General Carranza surrenders the twenty-three American troopers held at Chihuahua City before tomorrow night, President Wilson will probably go before Congress Thursday to ask authority to rescue them by force. Pending their release, the United States government will not consider any offer of mediation or arbitration.

The State Department had no intimation tonight as to when a reply to the note sent Sunday demanding immediate release of the soldiers might be expected. It was delivered yesterday at 11 A. M.

Prompt compliance by Congress with any request the President may make as to Mexico was foreshadowed today by the calm which prevailed in both houses. Although measures designed to prepare for war were under consideration and the corridors of the capitol hummed with rumors, there was no excitement, and discussion on the floor was avoided. The legislative branch of the government was plainly waiting to do its part when what the majority considers inevitable would come.

Mexico's Course Unknown.

The Mexican ambassador said he had received no intimation of the course his government intended to pursue and had not even been advised of the receipt of the American note. On his own responsibility, however, he sent to the State Department two communications. One complains against the enforcement of a general embargo on shipments to Mexico, the other recites that Mexican citizens have been arrested without cause in California and Arizona. They warn Secretary Lansing that the present situation between the two government cannot fail to be gravely aggravated by these matters although setting forth that the ambassador assumes that local authorities were responsible for the trouble.

So far as is known, the State Department has not been advised of the detention of Mexicans. It is on open secret, however, that a practical embargo on commerce between the United States and Mexico is being enforced effectually, by customs and army officers, without the authority of a formal permission.

Cold Reception for Mediation.

Efforts to sound administration officials anew today as to their attitude toward some form of arbitration met with chilling reception. Chas. A. Douglas, recently re-employed as General Carranza's legal adviser here, called on Counsellor Polk at the State Department. He and Dr. Victor A. Rendon, head of the Yucatan Sisal Commission, had received word from Luis Babrera, the Mexican finance minister, that General Carranza was disposed to appeal to the abritration provision of the treaty of 1848, provided the united States was willing to submit the dispute to peaceful negotiation.

Mr. Douglas is understood to have suggested that the arbitration provided under section 21 of the treaty could well be employed to formulate a definite question as between the two governments which in turn might be settled by mediation. He left the conference with the clear impression that the Washington government would listen to no mediation suggestions.

It has been very plainly indicated that unconditional release of the American prisoners held at Chihauhau would be the only immediate step Carranza could take to avoid hostilities. Whether a mediation proposal might be considered after their release is a matter of speculation. There is reason to believe, however, that a plan which did not involve a military status quo in Mexico and the consequent hampering of General Funston's disposition to guard the international line from raiders would be considered.

Prisoners Well Treated.

The State Department late in the day received its first official news of the cavalrymen prisoners from other than Mexican sources. The British consul at Chihuahua City transmitted a report through the embassy, saying that the 23 troopers and an interpreter were being well treated and that the injuries of the two wounded men were slight. The British consulate took over American interests when American officials were withdrawn.

Mr. Arredondo's note protesting against the arrest of Mexican citizens in the United States is based on reports from the Mexican consuls at San Francisco and Tucson, Ariz., summaries of which also were telegraphed to General Carranza at Mexico City. It requests the release of the prisoners and states that in each instance they were arrested with justification.

The consul at San Francisco merely reported that fifteen Mexicans were arrested at Redding several days ago and twenty-five others wre imprisoned there last Sunday. J. M. Gonsales, an agent of the treasury department of Sonora state, was reported by the consul at Tucson, to have been arrested by the authorities there without any known charge being made against him.

Protests Against Embargo.

In protesting against enforcement of the embargo, Mr. Arredondo points out that no official notification has been given the Mexican government of the existence of such a measure and on the other hand the de facto authorities continue to promote commercial exchanges with the United States, while the ambassador designate continues to preserve a calm front, the possibilities he sees in the present crisis are indicated by that fact that his family is en route toward the Canadian border.

WILL HOLD CONFERENCE TO MAINTAIN PEACE WITH MEXICO

El Paso, Texas, June 27.—Dr. David Starr Jordan announced today that he would leave for Albuquerque, N. M., tonight and that others delegated with him by the American Union Against Militarism would join him there to hold a conference to maintain peace with Mexico.

Dr. Jordan said that although he had received a number of threatening letters from interventionists, the change to Albuquerque was because "it was cooler there." He expressed the belief that Wm. J. Bryan will not participate.

WOULD NOT PERMIT VILLA TO JOIN DE FACTO TROOPS

Washington, June 27.—A report that Francisco Villa and a body of his followers are to be mustered into the Carranza army in the event of war with the United States was officially denied tonight by Eliseo Arredondo, Mexican ambasador designate here. Mr. Arredondo said he had been advised from Mexico City that under no circumstances would Villa or the bandits allied with him be permitted to serve with the de facto troops. For more than two months, the ambassador's advices declared, Villa's whereabouts had been unknown to Carranza officials.

GOLDSBORO ORGANIZES HOME GUARD; FIRST IN STATE (?)

Raises Nearly $15,000 to Care for Families of Absent Guardsmen.

(Special Star Telegram.)

Goldsboro, N. C., June 27.—Final arrangements were made today for the organization of a home guard with a membership of 150. The officers are: Captain, A. O. Clement; first lieutenant, Thomas O'Berry; second lieutenant, Thos. A. Dewey.

A fund is being raised in this city to care for all needy families of soldiers called away, which tonight is close to the $15,000 mark, the sum which is considered sufficient for this work. Several citizens donated as high as $500.

The newly formed "Goldsboro Rifles" headed by the municipal band, will attend in a body tomorrow at noon to bid farewell to the regular soldiers.

There is no foundation for the rumor now current that a near riot was averted when police arrested a guardsman who was arrested while riding a bucking mule, but immediately released.

THERE WILL BE NO FIGHTING CIRCULARS IN MEXICO SAY.

That Mexican Flag Will Float From Capitol at Washington.

Nogales, Ariz., June 27.—Refugees arriving here today from Magdalena, Hermosillo, report that Mexican recruiting officers are spreading broadcast through that state circulars which say in part:

"No fighting will be necessary. Our brave troops will simply march northward, brushing the gringoes aside until our glorious tri-color floats from the dome of the Capitol at Washington."

JOHN M. PARKER IS TO 'THINK IT OVER'

Progressive Vice-Presidential Candidate Urged by Friends to Stay in the Race.

HE IS PROMISED SUPPORT

Bainbridge Colby and Other Progressive Leaders to Stand by Him. Invitation to Progressives From Prohibitionists.

Chicago, June 27.—Urged to remain in the vice presidential race by fellow Progressives who are opposed to Chas. E. Hughes for president, John M. Parker, named as Colonel Roosevelt's running mate by the Progressive convention, said today he would return to his Louisiana home and "think it over" before deciding on his course. Leaders of the Prohibition party intimated today that he might be their vice presidential nominee if he remained on the Progressive ticket.

Bainbridge Colby, of New York, and other Progressives who opposed the action of the Progressive National Committee in endorsing the candidacy of Mr. Hughes yesterday, today assured Mr. Parker that if he remained in the campaign he would receive the support of all loyal members of that party.

Letter to Progressives.

An open letter to Progressives was given out tonight by Virgil G. Hinshaw, National chairman of the Prohibition party, saying:

"In view of the fact that the Progressive party, through the action of your National committee, will have no national ticket this year, thus presenting to the voters of the party the alternative of returning to the Republican and Democratic parties, from which you came, or joining forces with another third party, with whose principles you may agree, we, therefore, extend to all forward-looking men and women of the Progressive party an invitation to join with the Prohibitionists and other reform forces of the country in a get-together conference on July 19, in St Paul, Minn., with a view to finding a common political ground on which to fight for the welfare of humanity, and to have a part in the nomination of a national ticket that shall represent all progressive citizens and that can't be bartered away for selfish ends by any individual."

ITALIANS CONTINUE TO DRIVE THE AUSTRIANS

They Have Re-Captured Towns of Posina and Arsiero.

Numerous Important Positions Have Also Been Retaken—Another Lull on Verdun Front—Prisoners by Russians 198,973.

The Austrians in the region southeast of Trent are still falling back before the Italians, who have re-captured numerous important points of vantage. The towns of Posina and Arsiero again have fallen into the hands of the Italians, while in the entire region between the Adige and Brenta rivers numerous peaks and mountain positions have been re-taken. The Austrians, according to the Italian war office, vainly attempted to hold back the Italians by a concentrated artillery and machine gun fire.

There has again been a slackening in the intensity of the bombardment on the various sectors around Verdun and only infantry attack was attempted Tuesday. This was launched by the Germans on part of the village of Fleury, northwest of Verdun, which is held by the French. It was repulsed.

The Germans also assayed an attack against the British southeast of Ypres, but this also was without result. In patrol engagements the British at many points entered German trenches, inflicting casualties on the defenders and taking some prisoners.

Four German aircraft have been brought down by British airmen in aerial fights. The British lost one machine.

On the front in Northern Russia the Germans have bombarded Russian positions and followed them up with infantry attacks. Petrograd says that all the attacks were put down by the Russian fire.

The official statement of the Russian war office places the number of prisoners captured by General Brussiloff's army between June 4 and June 23 at 198,973 officers and men. The number of heavy guns, machine guns and bomb throwers reached more than 1,000.

MANY CHANGES IN COURT PROCEDURE ARE RECOMMENDED

Abolition of Courts Inferior to Superior Courts Theme of Col. Skinner's Address.

BEFORE BAR ASSOCIATION

Hon. T. W. Shelton, of Norfolk, Va., Makes Plea for Uniform Judicial Procedure.

IN ADDRESS LAST NIGHT

Tar Heel Lawyers Welcomed to Wrightsville Beach.

Pleas for changes in judicial procedure with a view to increasing the efficiency of the courts in administering justice to all was the theme of the addresses of Col. Harry Skinner, of Greenville, N. C., president of the State Bar Association, and of Hon. Thomas W. Shelton, chairman of the American Bar Association's committee on Uniform Judicial Procedure, of Norfolk, Va., before the North Carolina Bar Association, which met in annual convention at the Seashore Hotel at Wrightsville Beach yesterday morning to be in session through tomorrow.

The Tar Heel lawyers were welcomed to the beach in an eloquent address by Cyrus D. Hogue, Esq., of Wilmington, and following the response by A. M. Scales, Esq., of Greensboro, President Harry Skinner delivered his addrss, which was an able and learned discussion of fundamental principles relative to the origin of the courts, their functions, and their duties. The address of Hon. Thomas F. Shelton was the chief feature of the night session.

The Programme Today.

The chief feature of the morning session today which assembles in the assembly hall at the Seashore Hotel at 10 o'clock will be an address by Hon. J. C. Buxton, of Winston-Salem. Tonight at 8:15 o'clock, Hon. Walter Geo. Smith, of the Philadelphia bar, will make an address on "Uniform Commercial Laws." This afternoon at 1:30 o'clock the visiting lawyers, their wives, daughters and friends will be the guests of the members of the Wilmington bar at an oyster roast to be given at Lumina on the beach.

More than 50 attorneys were present at the opening session, many of them being prominent in the affairs of State, and last night a great number of other lawyers arrived for the convention.

President Skinner's address to the association gave a very comprehensive resume of the chief features of interest in legal changes during the past year and he made a stronger and urgent plea for more Superior courts and fewer Recorder's courts and other local courts of like nature.

The address of Mr. Shelton last night was a forceful exposition of the relation of the judiciary to the government in general. He recommended a system of elastic court rules for the regulation of the trial courts in place of the present unrelated, inflexible statutes that he claimed wasted over half the time of courts. He advocated a High Judicial Commission to superintend the entire structure of the Judicial Department.

Committees Make Reports.

One of the important features of the evening session was the report of the committee on Legislation and Law Reform, which was presented by the chairman, Hon. A. W. McLean, of Lumberton. This in the main approved the recommendations made by the commission on civil procedure, appointed by Governor Craig, in accordance with the act of the General Assembly of 1915. The committee further recommended that the Torrens land system, as modified in North Carolina, which has not become of popular use, be further revised in order to make it attractive to the people. The considration of the report was postponed until this morning. Members of this committee signing the report besides Mr. McLean were: Hon. A. L. Brooks, of Greensboro; J.

BORDER PREPARES FOR THE ARRIVAL OF STATE TROOPS

Funston Planning Placement of Men With View of Sending Sweeping Army Into Mexico.

WILL KEEP BORDER SAFE

Mexicans Continue Concentration Within Striking Distance of American Forces.

San Antonio, Texas, June 27.—Preparations for the placing and maintenance of the National Guard units were being made all along the border today. While the quartermaster's department was working out details for caring for more than 35,000 additional men, General Funston and his staff were engaged in revising and fixing the long list of troop stations, with a view to starting a big, sweeping army across the border, if necessary, and at the same time leave adequate protection for the border towns and ranches on the American side of the boundary line.

Reports from General Pershing's columns and from the forces along the border all had to do with the routine of a big army and carried no news of clashes with Mexicans, either bandits, or troops of the de facto government.

Unless made necessary by some unmistakable act of Carranza's troops the American army will take no hostile steps towards Mexico until directed by the War Department. Army officers were eager for news from Washington and Mexico City that would determine the character of the army's action. Their own reports told of continued concentration of Mexican forces within striking distance of the border. But there appeared no indication that Carranza was planning anything but a defensive movement. The strongest garrison Carranza still has is that at Eagle Pass, although a few men were still held at other points.

The apparent intention of Sonora commanders to send a force of 1,000 through Naco to Bisbee presumably to raid the copper plants there, appeared today to have been abandoned. When the report was received last night the 22nd regiment of infantry was sent from Douglas to Bisbee on a special train. Today there came reports of a strengthening of the Mexican garrison opposite Nogales, but staff officers here express the opinion that the American force there was able to care for itself.

A B and C batteries of the Third field artillery that have been here for eight years left tonight for Eagle Pass.

TO EL PASO OR SAN ANTONIO.

North Carolina Troops Will Not be Sent to Vera Cruz.

Raleigh, N. C., June 27.—Instructions from the government received today stated that the North Carolina troops, when ready to move, would be sent to El Paso or San Antonio instead of Vera Cruz, as formerly planned. The Second regiment will go to Camp Glenn tomorrow.

CHANGES MAY BE MADE IN THE REVENUE BILL

Increases to Meet Mexican Emergency and Defense Probable.

Federal Bond Issue May be Contemplated—Secretary McAdoo Confers With Chairman Simmons and Leader Kitchin.

Washington, June 27. — The expense of meeting the Mexican emergency, coupled with unexpected increases in other army and navy items, may result in important changes in the administration's revenue program. House leaders decided today to delay introduction of the revenue measure prepared by the Ways and Means committee and thee were indications that the change in plans might contemplate a federal bond issue.

The decision to hold up the revenue bill for possible revision was reached, after Secretary McAdoo had gone to the capitol and conferred with Chairman Simmons, of the Senate Finance committee, and Chairman Kitchin, of the Ways and Means committee. Mr. Kitchin had expected to introduce the measure today and have it taken up by the House Saturday. He said tonight it might not be submitted for a week or more.

It is understood that in addition to the question of revenue legislation the secretary talked over what the chairman thought of the advisability of raising $100,000,000 by a partial issue of the Panama Canal bonds held by the Treasury. On that point, however, there probably will be no decision until it develops whether actual hostilities with Mexico must be provided for. If war comes, there may be an additional issue of bonds, to be designated as war bonds.

Philadelphia, June 27.—Weldon Wyckoff, for several years a member of the Philadelphia American League club pitching staff, has been released to the Boston Americans.

AMERICANS BELIEVED IN NEW BANDIT HUNT ACROSS BORDER LINE

NO AGREEMENT ON DRAFT RESOLUTION

Provision for Aiding Dependent Families of Guardsmen Proves a Stumbling Block.

WILSON HAS NO AUTHORITY

Cannot Use Guardsmen for Service Outside of American Territory Until the Resolution Has Been Adopted.

Washington, June 27.—Conferees of the Senate and House on the Hay resolution to draft National Guardsmen into the Federal service were unable to agree today on the question of including a milion dollar relief appropriation for dependent families of those so drafted, and a disagreement on that section was ordere dreported to both houses.

The Senate conferees yielded on all other amendments restoring the language of the resolution as it passed the House. This included restitution of the declaration that "an emergency now exists which demands the use of troops in addition to the regular army," and of the qualifying clause referring to section 111 of the Army Reorganization act, under which only those willing to take the required oath could be drafted.

President Without Authority.

Failure of the conference leaves the President without authority to use the National Guard for aggressive purposes outside the territory of the United States. What will be done with the resolution in view of the determined stand taken by the conferees on both sides regarding the relief provision, members of the conference committee will not predict.

When it was apparent in the conference that an impasse had been reached Senator Chamberlain urged that both the relief appropriation inserted by the house and the Senate substitute providing for exemption for service of enlisted men with dependents be eliminated. Representative Hal, chairman of th House conferees, would not agree to the proposal but it was reported tonight that administration leaders would make another effort for agreement along those lines with an understanding that relief be taken up later as a separate measure. A bill already has been introduced by Senator Johnson, of South Dakota, to appropriate $2,000,000 for relief of dependents of Guardsmen and regulars during the Mexican emergency.

RUMORS OF CRISIS IN THE BRITISH CABINET

Newspaper Says Two of the Ministers Have Resigned.

Their Resignations Have Not Been Accepted, However—Crisis Said to be Over the Irish Home Rule Compromise.

London, June 27.—Throughout today the air was chaged with rumors of a serious cabinet crisis over the Irish home rule compromise. The fact that there were two prolonged cabinet councils in addition to the parliamentary meetings seemed to confirm this view. An evening newspaper announced that the Marquis of Lasdowne, minister without portfolio, and Walter Hume Long, president of th elocal government board, had actually resigned, but that their resignations had not been accepted. Rumors also connected the name of Lord Robert Cecil, minister of war trade with the ministers, likely to resign.

The Earl of Selborne, in the house of lords, explained that nothing was expected to be announced definitely concerning the situation until after a meeting of unionists tomorrow, at which it was still hoped that the influence of Andrew Bonar Law, secretary of state for colonies, who supports Premier Asquith and David Lloyd George, the munitions minister, who framed the Irish compromise, might possibly avert a rupture. Tonight, however, it was announced that the Unionist meeting had been postponed until next week at the desire of Mr. Bonar Law and the government, who wished further time for consideration of the Irish proposal. This postponement permits of the hope that a crisis will be averted.

May be in Pursuit of Mexicans Who Raided Ranch and Killed Ranchman and Wife.

EXCITEMENT IS RENEWED

Incident, It is Thought, May Serve to Bring the Mexican Crisis to a Head Quickly.

PERSHING SHORTENS LINE

Mexican Troops Are Concentrated at Strategic Points.

El Paso, Tex., June 27. — Excitement here over the Mexican controversy was renewed tonight, with the receipt of news of a new bandit raid across the border near Hachita, N. M., resulting in the murder of William Parker, an American ranchman, and his wife. The general sentiment seemed to be that the incident demonstrated anew the inability of the Carranza government to offer any protection to the American frontier, and would serve to bring matters to a head quickly.

Believe Border Was Crossed.

Military authorities here tonight doubted that the marauders who are believed to have been members of a band of stock thieves known to have a lair in the fastnesses of the Sierra Madres south of the New Mexico border, would be overtaken before they crossed into Mexico, pointing out that the ranch is only four miles from the line. Officers of the American border patrol had been unable to learn tonight whether any of the cavalry detachments ordered in pursuit had crossed the border. The conviction was expressed, however, that if the troops had discovered the raiders' trail, they followed them into Mexican territory. It is not believed that they would encounter any Carranzista troops, reports here indicating that the larger Mexican forces have been concentrated east and south of the district in Chihuahua westward into Sonora.

Mexican Troops Prepared.

Mexican reports tonight indicated that General Trevino, commanding the Carranza army corps of the north, has practically completed the disposition of his troops in preparation for possible hostilities with the United States. The command, the strength of which is variously estimated from 25,000 to 40,000 men, has been distributed along the two railroads to Chihuahua, the Mexican Central and the Mexican Northwestern and in the Santa Maria river valley, in such a way as to menace the American line of communication and present an obstacle to a possible American drive toward Chihuahua City.

For more than a week the troops have been concentrated in force at strategic points north of Chihuahua City along the line of the Mexican Central, running directly south from Juarez. Preparations to oppose any American attempt to use the Mexican Northwestern railroad, which extends in a sweeping semi-circle, the arc of which bends to the west of Juarez, through Casas Grandes, Madera and Santa Ysabel to Chihuahua City, also have been made by the stationing of large forces at Bustillos and Guzman. At each place several thousand men are said to be encamped, the palpable object at Guzman, about 50 miles southwest of here, being to block any effort to use the road to transport supplies from the border to General Pershing's column and that at Bustillos, 70 miles west of Chihuahua City, to prevent General Pershing dispatching troops by rail to take the state capital.

Supply Line Threatened.

Several thousand soldiers, including some artillery, are said to be bivouaced in the hills above the Santa Clara canyon, about 20 miles east of Namiquipa, their guns commanding the canyon through which passes the wagon road toward Chihuahua from General Pershing's chain of bases.

To offset the maneuvers, General Pershing has gathered at Colonia Dublan more than 200 motor trucks with which, in an emergency, he can transport infantry rapidly. The line of communication has been shortened, the southern base being at El Valle, 200 miles south of the border. Mexicans traveling over the motor truck trail in the zone occupied by the Americans are subjected to the most rigid examinations and an American fleet of aeroplanes recently sent south from the base are making reconnaissance flights.

SEMINOLE TO CELEBRATE THE FOURTH AT MOREHEAD CITY

Revenue Cutter Promised to Congressman Small by Department.

(Special Star Telegram.)

Washington, D. C., June 27. — Representative Hood has been promised by the Treasury Department that the revenue cutter Seminole will be sent to Morehead City upon the occasion of the Fourth of July celebration. The revenue cutter Pamlico will be sent to Elizabeth City on the same date upon the request of Representative Small.

Congressman Hood has recommended J. Respass Herring to fill the vacancy in the rural carrier force at Goldsboro, N. C. P. R. A.

COLONEL TO DINE WITH MR. HUGHES

They Will Take Dinner in Nominee's Rooms Tonight; No Others Will be Present.

WILLCOX IS NEW CHAIRMAN

New York Man Announces He Will Soon Open Headquarters and Devote Entire Time to the Republican Campaign.

New York, June 27.—Developments at the temporary headquarters here of Chas. E. Hughes included ratification by the National sub-committee on organization of the nominee's choice of Wm. R. Willcox as chairman of the Republican National committee and the announcement that Theodore Roosevelt had accepted an invitation to dine with Mr. Hughes tomorrow night.

Mr. Willcox, lawyer, former postmaster of New York, and until 1913 chairman of the public service commission of New York, is an intimate friend of the nominee. His selection resulted from Mr. Hughes' desire to have as chairman a resident of New York, known to him personally, a man somewhat removed from recent political developments, not allied with any faction of the party, and acceptable to Republicans and Progressives alike.

The reorganization sub-committee which ratified the nominee's choice, met at Mr. Hughes' headquarters. Mr. Hughes was present. Earlier in the day the sub-committee held an informal meeting.

Reports were current that the selection of Mr. Willcox had met with some opposition at the informal meeting. After the formal meeting, however, it was announced that all members of the sub-committee had voted for Mr. Willcox on the first ballot.

Chairman Willcox announced that he would soon open headquarters in New York and would devote his entire time to the campaign. Other officers of the National Committee and the executive committee will be appointed by the sub-committee, which also will name the two vice chairmen for the Chicago and Pacific coast offices.

THEY SHOUTED THE NEWS.

Earliest Means of Conveying Intelligence Over Great Distances.

(From the United States Magazine.)

Considering the amount of thought and attention bestowed on the art of war by the ancients, it is strange that so little of transmitting orders among their armies and fleets should have filtered down to modern times. For, as the Greek historian, Polybius, who lived in the second century B. C., very justly observed, "opportunity is of great advantage in all things, but especially in war; and among the several things which have been invented to enable man to seize it, nothing can be more conducive to that end than signals."

The earliest recorded means of conveying intelligence rapidly over great distances was the human voice. Thus, when the King of Persia invaded Greece (480 B. C.) he is stated to have posted sentinels at suitable distances apart, the whole way from Susa to Athens, by which means news could be transmitted at the rate of 450 miles in 48 hours.

According to Caesar, the same method was in use among the Gauls, who, he tells us, when desirous of transmitting important intelligence, or in need of help, shouted the news from place to place; and that thus the massacre of the Romans in Orleans at sunrise was known at Auvergne, 120 miles away, between 8 and 9 o'clock the same evening.

A proposal is said to have been made to Alexander the Great (356-323 B. C.) by a native of Sidon, for establishing an "infallible method" of communication between Greece and his remote conquests in India within the space of five days. The King, however, regarding the proposer as an impostor, declined even to consider it—the fate of many a valuable suggestion in our own times.

The Alternative for War

The horror of war has been discussed, eloquently and passionately, ever since the present awful conflict began. The era of frightfulness which the world is now traversing has brought home to thinking men the need of some more sane and human solution for the problems of the nations. A number of peace societies have sprung up, and those already in existence have redoubled their efforts. Peace has become a subject much discussed, but unfortunately more and more deprecated. The fault is to be traced directly to the door of the pacifists themselves, who, in large part, have nothing adequate to offer as an alternative for war. It is easy to draw graceful portraits of a dove in the air, but the dove, unaided, can achieve but an ineffectual and petty flight. Strong men prefer to fight rather than leave vital problems unsolved or only half-solved.

The World's Court League, fully recognizing that if war is to be abolished there must be devised an instrument capable of handling the most delicate issues satisfactorily, has come forward with a plan which proposes to put the whole world upon a firm judicial basis. It is the most convincing and the most constructive plea for peace that has been made. The League has not initiated a stop-the-war movement, nor will it recognize a peace-at-any-price proposition. It is not working with ineffectual generalities, but with arithmetically provable, concrete premises. Its goal is that condition of world polity which shall render peace possible—the inevitable reaction."—"The Second World Court Congress," Edward Alden Jewell, in National Magazine for May.

To Fortify the System Against Summer Heat

MAYOR LINCKE OF NASHVILLE, N. C. ENDORSES TANLAC

He Says: "After a Fair Trial of Tanlac, I Offer No Hesitancy In Pronouncing It One of Very Best Tonics on the Market."

Mayor M. W. Lincke, of Nashville, N. C., is among the latest of leaders in thought and action in this state to come forward and openly stamp his approval of Tanlac's merits.

It is, to a degree, upon the word of such men as Mayor Lincke that Tanlac's phenomenal success has established itself.

Truly, when a man has been appointed to the head of his city's affairs, he is one of integrity and capability. His word is his bond.

What Mayor Lincke, of Nashville, thinks of Tanlac is presented herewith, just as he voluntarily wrote to E. H. Drum—North Carolina Distributor of Tanlac:

Nashville, N. C.,
June 20th, 1916.

E. H. Drum, Esq.,
Greensboro, N. C.

Dear Sir:—

After a fair trial of Tanlac, I have no hesitancy in pronouncing it one of the very best tonics and remedies on the market. It is all you claim for it, and has worked such a wonderful change in my physical condition within the past few weeks as to warrant my departure from an established rule, and I heartily recommend it to those who suffer with indigestion, nervousness and a general run down condition. I unhesitatingly pronounce Tanlac one of the best remedies offered the public, and will convince the most skeptical of its true worth.

Yours very sincerely,
(Signed) M. W. LINCKE.

Ministers, bankers, judges, editors, business and professianal men, farmers, office and factory men, housewives, mothers and children have "departed from an established rule" as Mayor Lincke puts it, after putting Tanlac to the test, and offered their indorsements that further relief may be spread among suffering humanity.

This ideal reconstructive tonic-appetizer, invigorant and blood and system purifier is sold only in Wilmington by the Bellamy Drug Store, where the Tanlac Man explains its merits daily; Burgaw, C. L. Halstead; Rocky Point, A. N. Rhodes & Co.; Magnolia, J. L. Southall; Southport, Watson's Pharmacy; Supply, G. W. Kirby; New Bern, Bradham Drug Co.

Each town has a Tanlac druggist.—adv.

Iowa's Wealth is Staggering.

In the July American Magazine Herbert Quick says:

"Iowa's wealth is staggering. Her farms are worth more than all those of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, Maryland, West Virginia, South Carolina, Florida, Alabama, Arizona, Utah, Nevada, New Mexico, Montana and Wyoming combined. Her farm buildings are of more value than all those of New Hampshire, Vermont, Rhode Island, Delaware, Florida, Louisiana Montana, Idaho, Wyoming, Arkansas, New Mexico, Utah, Nevada, Washington, Oregon and West Virginia combined. The live stock industry in Iowa is now suffering from depression, but her live stock is worth more than all that of Maine, New Hampshire, Vermont, Massachusetts, Rhole Island, Connecticut, New Jersey, Delaware, Maryland, Florida, Arizona, Utah, Nevada, West Virginia, Louisiana, and New Mexico combined.

"She is fifteenth in population among the states, and twenty-third in area; but she ranks first in total value of farm products, in value of live stock, in value of farm property per farm, in percentage of farm property improved, in percentage of total area in farms, in number of automobiles per thousand of population, in the value of her horses, in the value of her cattle, in the value of her swine, in poultry, in egg production, in farm implements, in tonnage of forage crops—in spite of the alfalfa of Kansas and the West — in corn production. Her wheat crop is of greater value than that of all Canada or the Argentine. Her corn crop is worth more in money than all the iron ore, or anthracite coal, or petroleum products, or the gold, copper, or silver of all the United States. The cattle she markets every year are worth more than the whole tobacco crop of the Unite dStates."

MANY CHANGES IN COURT PROCEDURE ARE RECOMMENDED

(Continued From Page One.)

W. Pless, of Marion; and Col. Fred J. Coxe, of Wadesboro.

Hon. John D. Bellamy, of Wilmington, as chairman, presented the report of the committee on Legal Education and Admission to the Bar. It was recommended that the Legislature create a Board of Legal Examiners for the State, similar to the boards for other professions, and further that it be required of all applicants for license that they have completed a three-year course of 36 weeks each in a reputable law school or have had two years of training in a school and one year in a law office. The first recommendation was referred to the committee on Legislation and Law Reform and the second was referred back to the committee for further consideration.

Marsden Bellamy, Esq., of Wilmington, presented the report of the committee on Grievances and Judge W. P. Bynum, of Greensboro, stated that the committee on Legal Ethics had no report to make.

On motion of Judge J. Crawford Biggs, of Raleigh, the recommendations contained in President Skinner's address were referred to the committee on Legislation and Legal Reform.

President Skinner announced yesterday morning the appointment of a committee on nominations as follows: A. W. McLean, J. S. Manning, W. P. Bynum, Thos. S. Rollins and F. D. Winston.

The convention was called to order yesterday morning by the president. The invocation was made by Rev. Dr. B. W. Spilman, of Kinston, after which Thos. W. Davis, of Wilmington, who has been for many years the popular and able secretary of the organization, called the role of members present.

Relation of Judiciary.

"The Virginia Bill of Rights and the farmers of the constitution bequeathed the preservation of the government to the Judicial Department and not to the executive or legislative," said Hon. Thomas W. Shelton, chairman of the American Bar Association's Committee on Uniform Judicial Procedure, in his address last night. His subject was "A New Era in Judicial Relations."

"Because the legislator's process of reasoning soon differed from that of the citizen and the judge, the Bill of Rights recommended that they should be returned to the people from which they came at stated periods," he added, "but, that judges should have life tenure in office was recommended by all those participating in the constitution. This is a striking distincton that must be carred home to the people of this country."

Citing Washington's warning, in his farewell address, against political influence in the Judicial Department, he declared that Mr. Jefferson was its first victim though, before he engaged in politics, he had presented the clearest logic for the necessity of the independence of the Judicial Department in perpetuating the government and had done more than any other man to outline fundamental principles. "Mr. Jefferson's inconsistencies is an illustration that greatness does not alter humanity in politics and that the genius of government is the only hope of its stability."

He declared that the prediction of the fathers that Congress might eventually traspass upon the Judicial Department had come true; that while Congress had bound the judges hand and foot, the present Congress was awake to the importance of setting the Supreme Court free and was responding in a statesmanlike manner. "We can never permanently provide against that indefinable, unaccoutable, often misdirected equation, called human nature, that has destroyed governments and bankrupted commercial ventures and which must be regulated as it arises. That is the function of education—of directing the minds of the people to the spirit of the government and men of the days of Washington, Jefferson, Madison, Hamilton, Iredell and their

Although it is a trifle hot for strenuous physical exercise, "Bumps" Turner, who at present hales from New Bern, writes that he is only waiting for Fritz Hanson to name the date for an up-to-date wrestling match in Wilmington. The sporting editor of The Star has received the following communication:

"I saw in your paper where Mr. Hanson accepted my challenge. Now, if he means business, let him name the date and I will only be too glad to come over there and take a shot at him which I have been after for a long time. Hoping he will not back out at the last minute and thanking you in advance, I remain your in clean sport.

HELPED TO OUST BARNES

Mr. Anderson Claims Part Credit For Anti-Saloon League.

Indianapolis, Ind., June 27—Credit for the defeat of William Barnes as Republican national committeeman for New York was claimed for the Anti-Saloon League by Wm. H. Anderson, superintendent of the league for New York, at tonight's session of the annual convention of the Anti-Saloon League of America.

"The Anti-Saloon League last fall started a fight, nationwide, in order to get pressure into New York from the country at large to retire this man as Republican national committeeman for the Empire State," said Mr. Anderson, "and I call your attention to the fact that Mr. Barnes is no longer on the Republican committee. We do not claim all the credit, but we helped some."

The seventeenth annual convention of the Anti-Saloon League of America was formally opened here today with an address of welcome by E. S. Shumaker, superintendent of the Anti-Saloon League in Indianapolis, and the response by the Rev. Robert L. Davis, superintendent of the league in North Carolina.

Mr. Davis pleaded for freedom in every political party from the influence of the liquor traffic. He said that prohibition would soon drive the liquor traffic out of America.

"We have come here to declare for a saloonless nation," he said. "The rum shops from Carolina to California, from Maine to Mexico must die. This is the verdict of society, of business and of the people, and all of these are echoing the verdict of God, 'King Alcohol, thou must die.'"

CUTTER SEMINOLE MAY BE ORDERED TO MEXICAN WATERS

But Captain P. H. Uberroth States He Has Not Yet Received Orders.

In view of the fact that twenty vessels in the Coast Guard Service are being made ready for use as naval auxiliaries in case they are called on for Mexican duty, Captain P. H. Uberroth in command of the cutter seminole now lying at her dock at Wilmington was asked yesterday whether he had received any orders to go to Mexican waters. He stated that he had not as yet received any orders to go to Mexican waters.

In view of the efficient and well-equipped condition in which the Seminole is kept, it would require but a short time to make her ready for patrolling the Mexican coast. Each coast guard vessel is now armed with four guns, and preparations are being made to add four more if they are needed for war service. Most of the vessels are cruising within short distance of their ports and it is stated by a high official of the Navy Department that they could be transformed into auxiliaries on short notice.

In the wars in which the United States has been involved, since the establishment of the service in 1790, the revenue cutter service has been to the front with the army and navy in each case. As far back as 1799 the Revenue Cutter Pickering captured ten prizes in engagements with the French. In the war with Mexico, five revenue cutters were engaged in naval operations, and performed efficient service in the attacks on Alvarado and Tabasco. Excellent work was also done in connection with the blockading fleet off the Mexican coast. In this work the twenty vessels mentioned above could on account of their light draft as composed with battleships do most effective blockade and patrol work close in to the shore.

So far as the Mexican navy is concerned it is negligible factor. It consists of two small unarmored gunboats with light guns. The work of the Coast Guard Cutters in the event of war would be largely confined to patrol duty and blockade work, where light draft vessels are required.

Minneapolis, Minn., June 27.—Alex. Campbell, Baltimore professional, led the field today in the first flight of the qualifying round for the National open golf championship at the Minnekahda Club. Campbell's score in the morning was 71, one below par, and 73 in the afternoon.

POLITICS HOT IN ROBESON

Godwin Meeting in Lumberton Last Night—Brown to Speak Tonight.

(By Long Distance Telephone).

Lumberton, N. C., June 27.—A Godwin meeting was held at the court house here tonight and it was well attended. Rev. R. E. Sentelle, Mayor White and other local speakers were heard. Messrs. Geo. B. McLeod and Walton Bethune, of the government service in Washington, also addressed the meeting. Postmaster Brown and three rural carriers of Red Springs were reported in attendance. Another postmaster from 12 or 15 miles from here was also present. Some people on the stret at first thought it was a meeting of rural carriers, it being a kind of surprise party. Among the visitors from Red Springs were Judge D. P. McEachern and Dr. Frank McMillan. There were many Brown men present, but they had nothing to say.

Politics in this setion are as hot as ever were seen. Mr. Brown will speak tomorrow night and Mr. S. McIntyre will speak at Maxton. Messrs H. E. Stacy and T. A. McNeill, Jr., spoke at Pembroke tonight. W. S. W.

TOP O' THE MORNING.

'Tis man's perdition to be safe
When for the truth he ought to die.
—EMERSON.

Welcome to the barristers!

Come on down; the water's fine—at Wrightsville Beach.

"Ill news," said Dryden, "is winged with fate and flies space."

The family skeleton rarely ever exposes itself by taking a surf bath in daylight.

South Carolina's mobilization camp is named Styx. That is what most mobilization camps are. Sherman was right.

One of the results of war with Mexico will be that the United States will soon be collecting duties at Mexican ports.

All the erstwhile interventionists should mobilize at once. Now is their chance if they have really wanted a chance.

A fool imagines that everything he does is great. A wise man, though he has done his best, fears that he has done nothing great.

Outside of every other consideration, the Democrats ought to carry the United States because it is clearly in the interest of the masses.

A new York woman died and left her husband only $1. If that was 99 cents more than he thought he would get, it is quite likely that he is satisfied.

Some writer has said that after all, the American mother-in-law is a great woman. Of course, she is. Most men are not satisfied till they get themselves a mother-in-law.

Soldier boys, khaki laddies, National Guardsmen, Tar Heel heroes, North State braves and the boys in brown are some of the terms that the newspaper men are using to avoid tiresome repetition.

Out of 468 restaurants in New York City, only 18 passed as sanitary in accordance with the inspection standard of the health department. Nevertheless, New York is quite severe in its criticism of rural communities.

Americans prefer peace with Mexico but if they are forced to fight they are apt to want a piece of Mexico. The Mexicans who are pushing a fight on this country are taking chances on creating a sentiment that will favor a piece movement.

A man really does not know how much Americanism he has till he becomes endangered by flying bullets. A man wastes time in boasting about his Americanism unless he knows for sure that he can stand hitched at the post of danger. This is no poem.

Carranza ought to have sense enough to know in advance what the ultimate result of war with the United States will be. Of course, it will cost American lives and money, which is to be deeply deplored, but if Carranza forces us to war it will very probably cost Mexico its nationality, in addition to Mexican lives and money.

The Republicans are viewing things with alarm these days, but they have a perfect right to be alarmed. When they are out of office and the prospects of getting in are distressing, it is naturally a terrifying sight for them to see ruthless Democrats exercising jurisdiction over the pie counter. The only way to cause Republican alarm to subside would be to put pie counters on the free list. The only way to stop calamity howling is to anchor all howlers right next to the pie. Democratic enjoyment is one thing that makes a poor Republican feel as if he has been buried alive. Of course, we are sorry, but thre is no remedy for it so long as Dmocrats at the pie counter regard themselves as part of the fixtures.

OUR LAWYER GUESTS

Wrightsville Beach and Wilmington are hosts to the North Carolina Bar Association this week, and it is a most cordialy salutation tnat the gentlemen of the bar have from the folk on the Cape Fear. It is more than a pleasure for us to have the lawyers here, since it is an honor for Wilmington to have a visit from so many distinguished gentlemen, including members of the Supreme Court and of the Superior Court benches, and lawyers from all sections of the State. From the ranks of lawyers come the larger portion of our eminent men, and it is a matter of State pride that the North Carolina bar stands so high in the legal profession of America.

We often read about Carolinians who have distinguished themselves in other states, and, of course, they ought to win great achievements abroad, but every time we see it mentioned we can but think of the splendid achievements of those North Carolinians who have remained here to distinguish themselves and add to the lustre of North Carolina by their genius, learning, ability and character. Those North Carolinians who have stayed here to give North Carolina her rank and standing in the Union are not overlooked at all, but they are not mentioned as specially as are those comparatively few who have proved an exception abroad. We think they ought to do well anywhere, for the same men might have done a great deal better at home. Anyhow, there are hundreds who remain on their native heath and defy and rise superior to the old adage that "a phophet is not without honor save in his own country."

You can't say that about North Carolina lawyers, for there is a great array of the home talent who are honored for their brilliant legal attainments and the unequalled reputations that they have made in the midst of fellow Tar Heels.

We insist of being proud of the North Carolinian who wins honor abroad in spite of the fact that he has gone away from home to take his chances, but we experience a peculiar sense of pride and yield up a kind of lofty honor for the men who have made themselves and kept the State in her place in the sun.

We are always glad to see the lawyers unless they are after us, and even then the facts in the case show that it is not their fault. So long as they have come to our playground for recreation and for the intellectual feast which the Bar Association provides at its annual gatherings, it gratifies us to be hosts to guests of their standing throughout the State. They are men who have come to full stature at home and vouchsafed their great ability to their State.

CAPT. LEWIS SYDNEY MOREY.

American history is replete with deeds performed by the nation's heroes. Doubtless there has never been a hostile encounter but what was dominated by the patriotic spirit of this great and free country. As one revels in the chronology of the past he is thrilled by the bravery and self-sacrifice made that future generations might live in a land of liberty, free from oppression and molestation.

With the war clouds hovering low, the nation on the brink of a forced conflict and with virtually the first battle fought, already heroism is being recounted. The incident at Carrizal on June 21st, when American troops against great odds were forced to fight in an attempt to extricate themselves from a deliberate ambush laid by the Mexicans, served to prove that the spirit of '76 still predominates as clearly as it predominated one hundred and forty years ago.

As the fragmentary details of the fight come through there is that which thrills us with a patriotic pride in our American soldiers. The black troopers played well their part and their superiors proved to the world that through their veins flowed the same pure red blood that flowed through the veins of the "boys of '76."

Capt. Lewis Sydney Morey was one of the leaders in the Carrizal fight. Who is there who read the story told by three of his privates and carried in an Associated Press dispatch Sunday night but who was thrilled with his courageous display of self-sacrifice? Wounded and forced out of the fight, he took refuge in a hole near the scene of battle, and there amidst suffering sketched a detailed account of the encounter that his superiors might have a record to guide the action of his country.

When the battle had ceased, three of Capt. Morey's men undertook to carry him back to the main American camp. But, doubtless without food and water, they were forced to stop from exhaustion. Capt. Morey, realizing himself a burden upon his aides and believing himself hopelessly wounded, told them to attempt to carry him no further. They were ordered to proceed on their way to the main camp and to safety and deliver the letter telling of the battle. And there on the hot Mexican desert, wounded, thirsty and hungry, the American captain was left alone at his own request to die—for that, he thought, was his only fate. He had courage and valor in superabundance, a patriotic love for his country and great regard for the welfare of the three troopers who had undertaken to deliver him to safety.

Capt. Morey has won his stars in the American army and his name will resound around thousands of hearthstones where before it had never been mentioned. Although left to die on the bleak plains of a hostile land, he deserved no such fate, and the Protector of protectors spared him to live and to return to his lines in safety. Eventually, we predict, he will bear a title other than "captain."

POSSIBILITIES IN SHEEP RAISING DEMONSTRATED.

The Star's Raleigh correspondent writes that experiments carefully carried out on the Iredell and Edgecombe county test farms of the North Carolina Experiment Station have proven conclusively that there are splendid possibilities in sheep raising in this State. The experiments have been conducted systematically by Mr. R. S. Curtis, whose specialty with the State Department of Agriculture is beef cattle and sheep investigations. He reports that the wool will easily pay for the upkeep of the sheep, while the receipts from the sales of lambs and mutton constitute a clear profit.

Mr. Curtis' experiments on the two test farms have been carried out with native ewes and purebred rams, principally the Shropshire and Rambouillet breeds. These crosses, Mr. Curtis reports, have resulted in a great increase in the yield of wool and the distinctive betterment of its quality, hence the increased market value of the wool has been one of the gratifying results. There is to be prepared a special exhibit of woolen articles manufactured at the Elkin Woolen Mills, made from wool provided from the Iredell and Edgecombe test farm flocks.

Sheep raisers in North Carolina will have the advantage of the market provided for wool by the Elkin Woolen Mills and some other woolen factories in North Carolina. Of course, there is no end to the sale of mutton, especially when it is a packing house product, as will be the case when meat packing plants are promoted in this State to take care of the possibilities of its livestock production.

Eastern North Carolina ought to become the greatest sheep raising section of the State, unless the one obstacle is the sheep-killing dog. However, the dog can be easily gotten rid of under proper laws for encouraging and promoting the sheep raising industry.

We should not overlook the fact, moreover, that goat raising would be profitable in Eastern North Carolina. Kid skins will pay for the upkeep of goats, and we could once realize the deliciousness of roast kid. So long as the meat animal possibilities are here, we ought to go right ahead and develop our livestock industry.

Other portions of the South are doing it and there is no reason why North Carolina should lag behind on this proposition. If it does, it will stay behind and keep on staying behind.

THE REV. A. D. M'CLURE, D. D.

The Star begs for a share in the public gratification that the Rev. A. D. McClure, D. D., has just celebrated the twenty-fifth anniversary of his pastorate at St. Andrew's Presbyterian church. That event specially concerns his appreciative congregation, of course, but we know that the whole of Wilmington wants to be heard from when it comes to felicitating Dr. McClure and congratulating his church and the city of Wilmington upon the completion of twenty-five years of his ministry and citizenship in the city.

The fact is, Wilmington regards Dr. McClure as hers, although he is specially itentified with a splendid Presbyterian congregation that has every reason to be so warmly attached to a peculiarly able pastor and a personality so generally attractive to all the rest of us. Dr. McClure has made a deep and lasting impression upon our people for the consecrated ministry so capably exercised by him through all these years in and years out, but the man as well as the minister has reached out gotten hold of the hearts of everybody. His lovable character and the cordially salutation that the gentlemen the same for twenty-five years has thoroughly gripped a warm hearted people who want to share all the sentiments so loyally expressed by those St. Andrew's people.

CURRENT COMMENT

"It's an ill wind that doesn't blow somebody some good." Sure, the knockers have forgotten to knock the towns and gone to knocking the Mexican war and everybody connected with it. So much for the benefit of the towns.—Fayetteville Observer.

It reads somewhat thus, too: Mr. Wilson must be destroyed, else the country is ruined; everything is ruined. The crops will be ruined. I, of course, could have destroyed him properly. However, if enough of us vote for Mr. Hughes, that will destroy Mr. Wilson anyway. Mr. Hughes is a good man, and I dare say that these unspeakable hyphenates—it makes me hot to think of them—are acting under a misapprehension in thinking he is their friend. How could he be, if I indorse him?—Greensboro News (Ind.)

There is to be commended in the highest terms the plans afoot in all parts of the State from which go companies of the North Carolina National Guard to give the soldier boys a big send-off in the way of some entertainment which will show them that there is a warm spot in the hearts of their fellow countrymen for them. That such entertainments and banquets are being planned shows that North Carolina is proud of the men who are to represent this State on the border of Mexico, and perhaps in battles beyond the Rio Grande. But should there not be something done in addition to a feast or an entertainment at the time that a start for mobilization is made? Why not a "Luxury Fund" for our young men of the North Carolina National Guard? When they are at Camp Glenn at Morehead City they will be so close at hand as to be well cared for in all respects, but when they are on the border, or in Mexico, don't you think that on many occasions there will be felt lack of home and its comforts, of those things which go to brighten life which of necessity can not be supplied by the government? Let us of North Carolina prepare to take care of such a situation which is certain to arise. Let there be collected a "Luxury Fund" with which to buy little "extras" for our boys of the military. Such a fund, added to from time to time, would prove of vast service and value to the young men who are going to the front as representatives of North Carolina. In raising such a fund we feel that all our people would assist.—Raleigh News and Observer.

NO INDICATION THAT HE IS A SUFFRAGIST

Governor Craig Appoints a Woman as His Private Secretary.

Miss Mary F. Jones, of Asheville, Succeeds Col. J. P. Kerr—New Corporations Chartered—Peculiar Fight in Wake.

Raleigh, N. C., June 27.—The State Geological Board, in semi-annual session today with Governor Craig, approved the report of Dr. Joseph Hyde Pratt, State Geologist, on work accomplished the past six months. This showed that under the 1915 forestry law there were four districts organized and working effectively. These are Mount Mitchell, Linville, Tryon township and Craven county districts, the four embracing more than fifty thousand acres of forest.

Each district has a fire warden and a patrolman. Reports show 1,151 forest fires the past year that burned 412,000 acres and did $512,500 damage. The board authorized a special campaign for co-operation by the State Geologist with farm fish ponds, with co-operation in equipping and stocking them.

Miss May F. Jones, of Asheville, becomes private secretary to Governor Locke Craig, and Mr. J. J. Mackay, Jr., heretofore executive clerk, is promoted to the place of executive secretary. Miss Jones succeeds the late Colonel J. P. Kerr, who served as private secretary throughout the Craig administration until his death two weeks ago. The appointment for executive clerk to succeed Mr. Mackay has not been announced. It is understood that Asheville, the home town of the Governor, will get the appointment.

Governor Craig says that no other governor in the United States, unless it is Governor Whitman, of New York, and possibly one governor of a western state, has a woman for private secretary, making the position of Miss Jones quite unique in this respect. He says he has thoroughly examined the North Carolina statutes in the light of decisions by the Supreme Court and is confident that there is nothing to prevent the appointment is no indication that takes no oath of office and acts always simply by the authority of the Governor. He says the private secretaryship is not analogous to the office of notary public or deputy clerk, but it is a position of trust. Governor Craig says he wants it understood that the appointment is no indication tha he is a suffragist.

New Corporations.

Three new corporations were chartered today as follows:

Grimsley-Bullock Gin Co., of Kellum, Onslow county, capital $5,000 authorized and $1,200 subscribed by C. L. Ives, E. P. Bullock and H. E. Grimsley.

The Heilig-Deis Shoe Co., of Salisbury, capital $25,000 authorized and $6,000 subscribed by J. G. Heilig, J. R. Deas and Paul A. Heilig for shoe and hosiery business.

The Wilson Cafe Co., of Wilson, capital $10,000 authorized and $1,500 subscribed by Thomas Noullos, George Krakas and others for general cafe business.

Another Fight in Wake.

Raleigh is to have a one-sided primary July 1 for one of the three Democratic candidates for the lower house of the Legislature, in that B. H. Pate, representing the Jones wing of Democracy in this county, will follow the order of the county board of elections and carry out the primary and Kemp B. Johnson, representing the Bailey wing, will decline to participate and rely on a ruleing by Judge George W. Connor that Johnson already has the nomination. This ruling is on the ground that he either had a nominating majority in the first primary or he had a plurality and Pate forfeited any right to a second primary by not making his demand for the second primary on or before June 6 as the statute provides.

The fight is a strenuous one and there is appeal from the ruling of Judge Connor by counsel for Johnson. Judge Connor has hesitated to grant Johnson the injunction he asks against the county board of elections, but may do this in the next day or two in addition to ruling in Johnson's favor as to the other issues.

Send Off For Guardsmen.

Raleigh's contribution to the National Guard force now being mobilized, this being Company B, Third regiment, and the Third Regiment band, will entrain Saturday for Morehead for mobilization at Camp Glenn, and the people of Raleigh, will give them a stirring farewell. There will be a big barbecue for the officers and men at the Woman's Club building, the club women being the hostesses, this to be on Friday at noon. Then in Nash Square on Saturday morning there will be a rousing farewell demonstration proceeded by a parade that will form at Capitol Square at 7 a. m.

DAILY PRAYER FOR PEACE

Fayetteville Women Ask All Women of State to Pray at Noon.

Fayetteville, N. C., June 27.—The J. E. B. Stuart chapter, Daughters of the Confederacy, and the Woman's Civic Association, of Fayetteville, make a plea to the women of the State, whether Federated Club members, members of individual clubs or members of no clubs, "to unite in one grand effort to bring about peace in this time of war."

To this end they ask the press of the State to copy the following prayer and "earnestly request each and every woman to pause in her duties or pleasures, at 12 o'clock each day, that from her heart this prayer may ascend to the throne of grace from whence alone cometh our strength and guidance":

"Prayer.

"O God, the Father of our Lord Jesus Christ, to whom can we come but to Thee for help, in this time of War and Tumult? Take away all hatred, pride and prejudice, and restore, we pray Thee, Peace and Harmony among all nations. Relieve the sick and wounded, support the dying, give skill and patience to all who minister in hospitals and camps, impart hope to those in anxiety and sorrow, and protect those who are in peril by land or sea this day.

"Restore to Our Country the blessings of Peace, and so guide all in authority that Truth and Justice may be established among us for all generations.

"These blessings we ask through Jesus Christ, Our Lord and Savior."

HEALTH IS WEALTH
by John B. Huber, A.M., M.D.

He that hath not health hath nothing.—ROUSSEAU.

Don't Be A Varnished Frog

SCIENCE has proved that the varnished frog croaks its last croak when the air it breathes becomes warmer than 96 degrees—which is hot for frogs, but which the unvarnished frog will survive. There is a reason: the frog must use the pores of its skin to radiate the extra heat, which cannot be done when it is coated with varnish. Moreover, disease germs make short work of varnished frogs that are already weakened through sweltering. There are humans who, although they are not varnished, yet take on coats of other material quite as deleterious to health; as in the case of the individual who, in overweening pride, boasted that he "bathed regularly, every Fourth of July, whether he needed it or not." Also, improper, too long unchanged, and too much clothing disturbs the functions of the skin, sometimes seriously. It is all a mistake, sewing up a child in flannels come November and letting it go at that until March following.

The skin is an organ of respiration; and as such is a part of the breathing apparatus. And the skin secretes, as when its sebacious (oil) glands keep it from becoming dry; and it excretes, as in perspiration. He who bathes o' mornings gets his blood elements enriched, and avoids blood stagnation—a very evil thing; has his lung power and area increased; his appetite and nutrition enhanced, and the food elements better stowed away in those parts of the body where they belong; is assured a sense of mental as well as physical well-being; and in cases where such improvement is desirable has his morals jacked up considerable. The skin is the peripheral—that is, the surface—"heart." Take a child from two to ten years old: he has a skin surface up to ten square feet; and underneath this is a stream of blood and lymph that should be in constant and rapid circulation. Within two minutes this blood (from two to ten pounds of it in a child) enters and leaves the surface, comes from and back to the heart. If such circulation takes longer, or if there are pools, eddies and pockets by the way, the bodily organs and tissues will get clogged up with impure blood and will become hospitable to disease germs. The whole bodily machinery will get clinkered up, and sooner or later there will be illness. The man of forty and after, who has several yards of peripheral heart and a veritable sea of blood flowing through it; who exercises little and prefers to run to the undistributed middle—that is, to develop a hefty and inelegant waistline, is especially counselled to apply his fluid restoratives more outside and less inside his system.

TONSILS AND ADENOIDS.

C. T. L. (a dentist) writes: Your columns are good and contain valuable information. I wish you would write an article on "Adenoids," also on "Enlarged Tonsils" when you can get around to it. Please state symptoms and effects of adenoids on the growing child.

Answer: Certainly, brother professional. Your suggestions are excellent. And I will show how these troubles affect the teeth.

NEURASTHENIA.

C. I. writes: I had a nervous breakdown a year ago and am just getting better. I still get very nervous; have headache in the back of the head and between the eyes. I wear glasses which I got a year ago. I have pains in my arms and between my shoulder blades. I get short-breathed and have a desire to cry. Sometimes I do all my work but washing; and this don't seem to hurt me if I don't overdo.

Answer: You have what doctors call neurasthenia. Watch this column for an article on The Shoddy Nervous System, in which all your questions will be answered.

THE PULSE.

Answer to R. D.: A doctor examines the pulse for: the rate or frequency, which should be from 70 to 75 the minute; the rhythm; the condition of the vessel walls and the size of the vessel; the tension (blood pressure); and the character of the pulse wave with reference to its fullness, its duration and its rapidity.

John B. Huber

This column is devoted to disease prevention; to physical and mental hygiene; to domestic, industrial and public sanitation; to the promotion of health; efficiency and long life. The latest developments in medical science will be presented. Questions of general interest will be answered here, space permitting—others by mail if stamped return envelope is enclosed. Requests for personal diagnosis or treatment cannot, however, be considered in any way.

TOMORROW: Hygiene and the Militia.

Notice of Distribution

All claimants against the Alcazar, involved in the above entitled case, are hereby notified that an order of distribution has been made by the Judge of this Court, reimbursing the Merchants and Miners Transportation Company for all money expended by it in connection with the salving of said vessel and the litigation of this cause, with one year's interest thereon, allowing Captain Chase, of the "Dorchester" $425.00, Captain Herbert, of the "Merrimac", $125.00, J. G. Beranger, First Officer, $225.00 and the members of the crew who went aboard the "Alcazar" $75.00 each, and apportioning the remainder of the award by giving three-fourths of the same to the crew of the "Dorchester" and one-fourth to the crew of the "Merrimac," and apportion the respective amounts among the crews of the said vessels on a percentage basis according to their monthly salaries.

The parties interested will be allowed to appear and file within thirty days from the date hereof any exceptions or objections to said distribution. In the event no exception or objection is filed, then at the expiration of the thirty days from the date hereof, distribution will be made according to said decree.

Witness my hand and official seal this 2nd day of June, A. D., 1916.

WILL NOTENFORCE NOW FEDERL INSPECTION

Withdrawal of Inspector at Abattoir Cause Delay in Plans.

Dr. Nesbitt Announces That Milk Station Will Son be in Operation. Card Index System of Charitable Records.

The withdrawal of Federal government inspection from the Sans Souci abattoir in Wilmington has caused a delay in putting the operation of the plans for having Federal inspection of meats slaughtered in New Hanover county and for the present at least no active steps will be taken to enforce the new law, which became operative on May 15th.

The Board of Health at its regular semi-monthly meting yesterday afternoon unanimously voted that under the circumstances the enforcement of the law be held in abeyance. The abattoir in the future will be inspected by Dr. T. B. Carroll, city meat and milk inspector, and this addition to his duties has made it impossible for him to assume responsibilities other than those already resting upon him.

Dr. Holt, the government inspector assigned to the abattoir in Wilmington, has been assigned to Columbus county to conduct a tick eradication campaign. For some time the government authorities have been contemplating the removal of the Federal Inspection which has been in force at the plant and recently this step was decided upon. The dipping vats, the quarantine pens and other features of the plant will be continued, but under the direct supervision of the local Board of Health.

Dr. Charles T. Nesbitt, county health officer, told the members of the board yesterday that the funds for the support of the milk station for supplying milk for babies had been secured through the instrumentality of the ladies of Sorosis and that just as soon as the necessary room could be fitted up in the basement of the court house, the station would be opened. The plumbing fixtures have already been installed but there is still some carpentry work to be done. Dr. Nesbitt said there would be no difficulty in securing the milk.

Dr. Nesbitt also told the board that pursuant to the recommendations of the accountant, who audited the books of the Health Department recently, he had designed a card system for keeping track of the money spent for charitable purposes on the poor of the county. The card will show on one side just how much money is spent from different sources such as the county farm, the James Walker Memorial Hospital, the Red Cross Sanitarium, the Associated Charities, on every person who is aided in any way by the county while on the reverse side is shown the family history, nature of sickness or disease. The board unanimously voted to recommend to the Board of County Commissioners its adoption.

Chairman W. A. McGirt presided at the meeting which was attended by all the members including Dr. S. B. Slocumb, Dr. J. B. Cranmer, Mayor Moore and Prof. Washington Catlett. Dr. John Thames, assistant county health officer, kept a record of the proceedings.

CAPT. RIDLEY MAY BE ORDERED TO THE FRONT.

As Regular Army Officer He May Join Engineering Command.

Capt. C. S. Ridley, of the United States Army Engineer Corps, who for the past four years has been connected with the government's river and harbor improvements in the Wilmington district, and for the past year has been in charge, may soon be engaged in pursuits of a more warlike nature in the near future as he may be ordered to join an engineering command which is to be formed on July 1 for service on the Mexican border.

When asked whether he had received any orders to go to Mexico, Captain Ridley said that he had not as yet, but might within the next few days as three regiments of engineers are to be formed on July 1, two of which will be assigned to duty on the border. The third will be divided between the Canal Zone and the Hawaiian Islands.

Captain Ridley holds the commission of captain in the regular army, and as such may be ordered to join an engineering command at any time. In times of peace, members of the engineering corps of the army are largely engaged in river and harbor improvement work, although many are assigned to the construction of fortifications for coast defense either in this country or at Panama or in the Philippines. Improvements in each engineering district will go forward even in the event of war with Mexico, as there are enough officers in this branch of the service to supply officers for the three regiments named, and at the same time leave one in each district.

Real Estate Transfers.

The folowing deeds were filed for record yesterday: Martha S. Hewlett to Walter R. Ny, for $100 and other considerations, lot on the southeast corner of Fifth and Ann streets, 51 by 66 feet in size; Suburban Land Company to J. O. Hinton, for $10 and other considerations, tract of five acres of land near the intersection of Wrightsville turnpike and the Sea Gate road; C. E. Kerr and wife to W. P. Fletcher, tract of land in Cape Fear township on the Castle Haynes road.

LOCAL DOTS

—The Star has received another "first cotton bloom" from Mr. C. H. Brice, of Watha, N. C., who says the crop in Pender county and in his community is looking very fine so far this season.

—Funeral services for "Sunny Jim" O'Brien, who died Monday night at the James Walker Memorial Hospital, will be held this morning at 11 o'clock in the lodge at Oakdale cemetery. The services will be conducted by Rev. A. D. McClure.

—For two successive nights the dogs in the city pound have been turned out. Monday night there were nine canines in the pound awaiting execution or else reclamation by their owners. Tuesday morning they were all gone, having been given their freedom by someone during the night. The same thing happened Sunday night.

GRAND JURY IS STILL BUSY INVESTIGATING

Visited and Inspected County Institutions Yesterday.

All Cases on Criminal Docket for Trial at This Term of Superior Court Tried.—Three Negroes Sent to Roads.

Although all cases to be tried at this term of New Hanover Superior Court have been tried, the docket having been cleared by 11 o'clock yesterday morning, the grand jury is still in session and expects to make its report tomorrow morning. The grand jury passed upon all bills that Solicitor Lyon had to present on Monday and yesterday was spent in visiting the different county institutions. The jury adjourned yesterday afternoon until this afternoon at 3 o'clock at which time it is expected that its report to Judge C. C. Lyon will be completed.

While the grand jury of which City Clerk and Treasurer Thos. D. Meares is foreman will doubtless give some attention to the list of voters, who registered illegally for the recent city elections, what disposition will be made of it will probably be determined at the session this afternoon.

Judge Lyon yesterday sentenced Geo. Powell, the young white man, who pleaded guilty to false pretense by attempting to pass a fake bill of lading for cotton on the Hilton Compress Company, to one year in the State penitentiary. Powell recently underwent an operation for appendicitis from which he has never recovered and Judge Lyon decided to send him to the State prison rather than to the roads for this reason. The prison authorities will be requested to give him light work.

John Allen and James Henderson, two colored men, found by members of the Wilmington police force in the store of Shrier & Solomon at Front and Princess street several weeks ago with a number of grips already packed full of merchandise, entered pleas of guilty to robbery and were each sentenced to serve two years on the county roads. Richard Sampson, a colored boy, who was formerly employed in the store, whom the other two negroes said had let them into the store, was tried by a jury and convincted of being an accessory before the fact and Judge Lyon gave him two years on the county roads.

Charles Malloy, alias "Hog Bear," a colored man, was found not guilty by a jury of a charge of larceny and was ordered to be discharged.

Court adjourned at 11 o'clock to meet again when the grand jury is ready to make its report, which, as stated, will probably be tomorrow morning.

"BIG TRADE WEEK" FOR CITY

Raising of $10,000 Fund for Underwriting Conventions Here Discussed by Local Rotarians.

At the semi-monthly meeting of the Rotary Club held yesterday afternoon at luncheon at the Y. M. C. A., Mr. W. A. McGirt, chairman of the Board of County Commissioners, suggested that the club get behind a movement in co-operation with the wholesale and retail merchants of Wilmington to hold some time in the very near future a "Big Trade" week to bring out-of-town customers to the city and the same time stimulate local customers to buy.

Mr. McGirt stated that the idea was to have all local merchants send out to their trade in the country announcements of special prices during the week, and perhaps also pay fares back to customers who make sufficiently large purchases. He declared that he believed that special rates might be secured from the railroads, and that the whole proposition would prove more productive of results than for the merchants to make "trade boosting trips" by automobile to the surrounding country. He stated that the "Big Trade" week idea had been tried out in Charlestown, W. Va., and had proved entirely successful. A number of those present commended the idea, and it was referred by President Roger Moore to the "Buy in Wilmington" committee to be worked out after Mr. McGirt had more fully explained the details of the plan suggested.

Another important suggestion made at the meeting was that as Wilmington was fast becoming a convention city it might be a good idea for the Rotary Club to co-operate with the Chamber of Commerce in raising a fund of $10,000 for underwriting necessary expenses in securing and entertaining conventions instead of collecting the money piece-meal for each separate convention it was desired to land. This plan was suggested by Mr. L. E. Hall, president of the Chamber of Commerce, who stated that he had already brought the matter to the Chamber's attention at a recent meeting. It was his idea that a strong committee should be appointed by the Chamber in co-operation with the Rotary Club to put the plan through. Several members of the club stated that they thought it would be a good idea, and the matter will probably be taken up again at the next meeting.

The only committee which had anything of importance to report was that on the Wilmington-Fayetteville highway, which reported through its chairman, Dr. G. K. Patterson, that the delegates from Pender, Sampson and other counties interested had been interviewed while in attendance at the Good Roads convention, and so far as the route was concerned had agreed to abide by whatever decision along this line Mr. Tucker Brown, of the State Good Roads Association, might make as to the best route.

Demonstration of Canning.

Prof. Washington Catlett, county superintendent of public instruction, attended a very interesting cannig demonstration which was conducted for the Mothers' Club at the Oak Hill school yesterday by Mrs. J. P. Herring. There were more than 20 persons presnt.

MANY REFORMS IN LEGAL PROCEDURE FAVORED

By Committee on Legislation of Bar Association.

Report Submitted to Convention Agrees in the Main With Recommendations of State Commission on Civil Procedure.

One of the important reports submitted to the North Carolina Bar Association last night was that of the committee on Legislation and Law Reform, of which Hon. A. W. McLean, of Lumberton, is chairman. This report was read by the chairman. Practically all the recommendations of the commission on Civil Procedure, appointed last year by Governor Craig, in accordance with an act of the last General Assembly, are looked upon with favor by the Legislation committee of the Bar Association. A revision of the Torrens system of land registration, or the modified form in force in North Carolina, is recommended by the committee. The complete report follows:

"Mr. President and Gentlemen of the Association—Your committee on Legislation and Law Reform respectfully reports:

"1. As required by the by-laws of the Association, your committee at the last meeting of this Association reported in detail the acts of the General Assembly of 1915 relating to Civil Procedure, all of which will appear by reference to the report as published in North Carolina Bar Association Reports, volume 17, session 1915, page 51, and, therefore, it is unnecessary to repeat the same in this report. As stated in the report of this committee at your meeting in 1915, the General Assembly of 1915 very wisely provided for the appointment by the Governor of North Carolina of a commission for revising our system of court procedure, consisting of the Chief Justice of the Supreme Court, one Superior Court Judge, two practicing attorneys and one layman. Acting under the authority thus conferred, the Governor of North Carolina appointed a commission consisting of Chief Justice Walter Clark, Superior Court Judge William J. Adams, ex-Judge William P. Bynum, L. V. Bassett, Esq., and Maj. William A. Graham. This very able and representative commission, after the most painstaking and careful consideration of the matters referred to it, filed its report port with the Governor since the last meeting of the Association, which report has been printed and distributed generally throughout the State. The report will be submitted by the Governor to the General Assembly of North Carolina at its regular session in 1917.

"The committee on Legislation and Law Reform has examined this report with a great deal of care and has deemed it proper to recommend to the Association that it specifically approve certain of the recommendations of said Legislative Commission, and among these are the following:

"(a) The first recommendation of said commission is that the number of Superior Court districts be increased to 32, and that the inferior courts, that is, courts between Superior Courts and courts of the justice of the peace, be reduced to 15 in number, these inferior courts to be confined to the larger counties and cities of the State. Your committee is of the opinion that the number of Superior Court districts should be increased and that the number of the recorder's courts be reduced, but it is not prepared without further information to approve of the recommendation of said commission to the effect that the Recorder's courts be now reduced to 15 in number or that the number of the Superior court districts be increased to 32.

"(b) The second recommendation of the said commission is that the jurisdiction of Recorder's courts should be uniform and restricted to criminal cases only, and to offenses not above the grade of misdemeanors, and that the officers of said courts be prohibited from practicing in criminal cases.

"Your committee recommends that this recommendation be approved.

"(c) An amendment to the Constitution empowering the Legislature, whenever the public interests shall so require, to abolish the rotating system and require each judge to ride in his own district, and that in the meantime the districts shall be so divided by legislation into circuits, so that each judge shall ride his own district once in every four years.

"We recommend that this be approved.

"(d) A return to the original code system by which process shall be returnable before the clerk, and that pleadings be made up in his office; demurrers to be passed on by the judge at chambers so that all issues of fact can be tried promptly by the jury.

"We recommend that this be approved.

"(e) We agree with the Legislative Commission that the present system of selecting and summoning expert witnesses is objectionable and that some better method should be adopted, but we are not prepared at the present time to adopt the method recommended by the said commission.

"(f) That on appeal from a justice of the peace in civil cases, whether the justice had jurisdiction or not, the Superior Court shall not dismiss the case, but shall retain jurisdiction as is now done on similar appeals in criminal cases and on appeals from the clerk.

"We recommend that this be approved.

"(g) That the petitioners as well as public service corporations, shall have the right of appeal from any decision by the Corporation Commission.

"We recommend that this be adopted.

"(h) Your commission is of the opinion that there ought to be further legislation in regard to challenges in criminal actions, but we are not prepared now to approve the particular recommendations in that regard made by the Legislative Commission.

"(i) The adoption of the United States Revised Statute, 1024, by which several charges against any person for two or more offenses connected together or belonging to the same class of crimes may be joined in one indictment.

"We recommend that this be adopted.

"(j) The adoption of the United States Criminal Code, Section 330, which provides that whenever a prisoner is found guilty of a capital offense, the jury may add to their verdict, should they see fit, the limitation 'without capital punishment' and in such case the prisoner shall be sentenced to life imprisonment.

"We recommend the adoption of this.

"(k) That a statute similar to the Virginia Code, Section 3158, be adopted in this State providing for a method for the selection of juries, commonly known as the 'struck jury' system, said section of the Virginia Code being as follows:

"'Any court, in any case where a jury is required, may direct a special jury, which shall be formed in the following manner: The court shall order such number of persons to be drawn from the jury box as it shall think best, and from those summoned, a panel of 20 qualified jurors, free from just cause of exception, shall be made, from which 16 shall be chosen by lot. Thereupon, the parties or their counsel, beginning with the plaintiff or the state, shall alternately strike off one of the 16 so chosen, until the number is reduced to 12, who shall compose the jury for the trial of the cause. If the parties or their counsel decline or fail to strike off any from the 16, or if, after one or more has been stricken off, and the number remaining is greater than 12, the party or his counsel entitled next in order to strike off, decline or fail to do so, then a jury of 12 for the trial of the cause shall be chosen by lot from the 16 or the number remaining as aforesaid, as the case may be.'

"We recommend the adoption of this.

1. We heartily concur in the recommendation of the Legislative Commission that applicants for license to practice law be required to stand an examination to be provided and conducted by a committee of lawyers appointed by the North Carolina Bar Association instead of by the Supreme Court, as at present; with the condition, however, that license shall be issued by the Chief Justice and Associate Justices of the Supreme Court of North Carolina upon a certificate from said committee as to the qualifications of the applicant.

"In this connection, we call attention to the fact that the method recommended by the said Legislative Commission is the same which is now in force in all of the states of the Union, except eight; and we are advised that the members of the present Supreme Court are unanimously in favor of this recommendation. The members of the medical profession and practically all of the other professions in this State have been accorded by the Legislature the privilege which the said Legislative Commission recommends should be accorded to the North Carolina Bar Association in respect to the examination of applicants for admission to the bar. We strongly approve of this recommendation of the said Legislative Commission, and further recommend that this Association authorize the incoming committee on Legislation and Law Reform to prepare an act embodying this idea and to present it to the next General Assembly of North Carolina for adoption.

"(m) There are a few recommendations made by said Legislative Commission, which we have not recommended for adoption by this Association for the reason that in some cases the committee does not approve of the recommendation, and in other cases for the reason that your committee has not had time to give the subject matter of the particular recommendations that consideration which would justify its affirmative recommendation at the present time.

"3. Your committee further recommends that the resident judges of the Superior Courts in the various districts be empowered to appoint in their respective districts, upon the nomination and recommendation of a majority of the practicing attorneys of the district a Standing Referee, to whom may be referred all cases in which the services of a referee are necessary and proper, as now provided by the laws of this State and the course of practice of the court.

"4. This Association several years ago appointed a committee to act with others interested in preparing and submitting to the General Assembly of North Carolina a statute providing for the Torrens System of registrating land titles. The committee then appointed faithfully performed its duty, and such an act was prepared and was enacted into law, with some modifications, by the succeeding session of the General Assembly. It appears that the law thus enacted has not been availed of to any general extent. The particular reason therefore is not clear to your committee. Your committee is very strongly of the opinion that there is a necessity for a better system of registering land titles, similar to the Torrens System, which will be so economical and advantageous in its provisions as that it shall become of universal application. We therefore, recommend that a special committee, composed largely, at least, of members of the former committee on this subject, be appointed by the president of this Association for the purpose of considering and making such recommendation as said committee may deem proper towards improving the statute heretofore enacted by the General Assembly of North Carolina, which the actual practice and experience under said act may suggest, as wise and proper to a more economical application of the system.

"In this connection we deem it important that any system adopted should provide for the absolute guarantee of the titles registered under the Act in a manner similar to the method now in force where titles are guaranteed by reputable title guarantee corporations in other states, and if necessary that this be done by the State, in consideration of a reasonable charge therefor.

"5. Your committee further recommends that the resident judges of the Superior Courts in the various districts be empowered to appoint in their respective districts, upon the nomination of a majority of the practicing attorneys of the district, an official court stenographer, who shall attend all the courts of the district, and perform the usual duties incident to the office of court stenographer.

"6. That in all civil actions and special proceedings the complaint shall be filed at the time of the issuance of the summons, and a copy thereof shall be served with the summons on all parties defendant at the time of the service of the summons; provided, however, that for good cause shown by affidavit of the plaintiff, his agent or attorney, the clerk may grant a reasonable time not exceeding ten days after the issuance of the summons, in

MISSES JOYNER ENTERTAIN IN HONOR OF HOUSE GUESTS

St. Pauls, N. C., June 27.—Misses Laurane, Burdette and Mr. Horace Joyner delightfully entertained last evening in honor of their charming house guests, Miss Ethel DuRant, Snow Hill; Miss Ruth Humphrey, of Verona; Miss Gladys Steil, of Zebulon, N. C., and Miss Mildred Scott, of Louisburg, N. C. The house was beautifully decorated in cut flowers, the color scheme being white and yellow.

As the guests arrived they were met at the door by Miss Laurane Joyner and Mr. Horace Joyner, afterwards passing down the receiving line, consisting of Rev. and Mrs. L. H. Joyner, Misses DuRant, Scott, Steil, Humphrey, Mary Gilmore Weatherly, and Messrs. E. C. Clegg, Pittsboro; W. S. McLeod, Fayetteville, and Shaw McArthur, of Parkton. Miss Burdette Joyner led the way to the porch where delicious punch was served by Mrs. J. D. Callahan.

Each guest was presented with a hand painted daisy by which they found their partners. The score cards were also hand painted and progressive games were played on the spacious porch, which was lighted with Japanese lanterns.

Fancy creams a la pineapple, cake and mints were served.

The Misses Joyner with their unalloyed hospitality were most delightful hostesses. There were between 50 and 60 guests present who departed at a late hour.

GIRLS' FRIENDLY HOLIDAY HOUSE OPENS ON SATURDAY.

The Girls' Friendly Society Holiday House on Wrightsville Beach Extension begins its second season on Saturday, July 1st, with Mrs. Letitia Page, of Raleigh, as house mother. The Holiday House was built two years ago and used for a few weeks but last summer was the first season and was regarded by the leaders of the movement as a very successful one. There were 91 guests and 200 visitors during the summer, representatives coming from all sections of the State and some of them not members of the society.

Many friends, both locally and at a distance in the State, helped to fit out the Holiday House very atractively and the local merchants aided with gifts, both for the house and for the pantry, thus adding greatly to the success of the work.

The Girls' Friendly Society is doing a fine work for girls and young women, thus making a valuable contribution to the life of the community by upbuilding the highest ideals of Christian womanhood. For this reason the society feels justified in asking for the co-operation of the entire community in carrying on its work.

This year, as was the case last year, an opportunity will be given to the merchants of the community to aid in stocking the pantry. All donations for the pantry may be sent to Mrs. George G. Thomas, No. 319 Market street.

The Holiday House will be opened with a short service Saturday and all friends are cordially invited to be present.

MISS HORTENSE STRICKLAND BRIDE OF MR. LAUGHRIDGE.

A most attractive wedding took place yesterday afternoon at 2:30 o'clock at the home of the bride's parents, Dr. and Mrs. S. D. Strickland, No. 602 North Fifth avenue, when Miss Hortense Strickland became the bride of Mr. Palmer Griffin Laughridge, the ceremony being performed in the presence of more than 200 guests from the city and out of town. The impressive ring ceremony was performed by Rev. W. L. Rexford, formerly pastor of Trinity Methodist church, this city, now pastor of the Methodist church at Marshall, N. C.

Just before the ceremony, the bridal party entered the parlor to the strains of Lohengrin's wedding march, played by Miss Katie Foard. While the vows were being said, she softly played a selection entitled, "Because You Love Me."

Little Miss Dorothy Holmes being the ring bearer entered first. She was followed by the best man, Mr. J. Wallace West and the groom, who entered from the east door. Immediately thereafter the bride, leaning on the arm of the dame of honor, her sister, Mrs. J. W. West, came in from the south door; being closely followed by the two bridesmaids, Misses Gertrude Sawyer and Alma Benton, and the maid of honor, Miss Frances Sullivan. The groom joined the bride before an improvised altar, where she was given away by her sister, Mrs. West.

The bride was very charming in a gown of Duchess satin with pearl trimmings and carried a shower bouquet of lilies of the valley.

The dame of honor, Mrs. West, wore yellow taffeta and carried a bouquet of pink and white Killarney roses.

The maid of honor, Miss Sullivan, wore a very pretty dress of white net over pink, and carried a shower bouquet of pink and white carnations.

The two bridesmaids were attired as follows: Miss Sawyer in green taffeta with gold lace and Miss Benton in pink taffeta. Each carried a bouquet of carnations to match their gowns.

Three sisters of the bride, Mesdames A. L. Council, G. E. Holmes and F. L. Smith, received the guests at the door and escorted them to the receiving rooms.

Following the wedding ceremony a reception was given at the home, attended by about 200 guests and a most enjoyable affair. Misses Mabel and Hazel Smith, Lilla Mattox and Marie Benton and Mrs. John Blomme and Mrs. James Swinson assisted in serving the delicious refreshments.

Mr. and Mrs. Laughridge left on the 3:55 S. A. L. train for Lawndale, N. C., where they will visit the parents of the groom after which they will take a trip through Kentucky and Tennessee. Upon their return to this city they will reside at No. 602 North Fifth avenue. Both are popular young people with a host of friends in Wilmington and elsewhere.

There were many showers and other social events given in honor of the approaching marriage. A beautiful and varied collection of gifts attested the popularity of the young couple.

Among the out-of-town guests present at the wedding were Mr. A. G. Laughridge, of Greenville, S. C.; Mr. and Mrs. John F. Laughridge, Anderson, S. S.; Mr. and Mrs. Joe Southwell, New Bern; Miss Lila Mattox, Maysville; Miss Mary Fannie West, Warsaw; Miss Lilla Frederick, Magnolia.

He has not yet fully regained consicousness but it was thought safe to allow him to continue under medical treatment at his home. Major O'Connor, who is also a patient at the hospital is reported as making progress towards complete recovery.

NORTHERN CAPITALISTS TOUR EASTERN NORTH CAROLINA

Party on Special Train "Covering" Norfolk Southern Lines.

(Special Star Correspondence).

New Bern, N. C., June 27.—Traveling on a special train of parlor and observation cars a party of Northern capitalists representing many millions of dollars, arrived in New Bern this afternoon over the lines of the Norfolk Southern Railway Company.

The party is in charge of President J. H. Young, of the Norfolk Southern Railway Company, and practically every one of the members are stockholders or are interested in the company. The visitors came down to Charlotte from New York Saturday afternoon and boarded the special train at that point. Sunday they went to Raleigh and came to New Bern from that city, leaving there shortly after 8 o'clock this morning.

In the party are Marsden J. Perry, of Providence, R. I., chairman of the board of directors of the Norfolk Southern; Benjamin Jackson, of Providence, R. I.; Tudor Gross, also from Rhode Island, and one of the directors of the road; Jas. Houlihan, Providence, R. I.; Vice-President Mitchell, of the City National Bank, New York; H. C. Nicholas, of Harris Forbes & Company, New York; Col. E. C. Duncan, president of the Merchants National Bank, of Raleigh, and vice-president of the Norfolk Southern; Mr. J. D. Stack, general superintendent of the Norfolk Southern; C. W. Ackers, superintendent of the western division of the road, and several others.

This tour of the road is being made at the suggestion of President Young, who desired to show the members of the party, several of whom have never before visited this section, what a wonderful country the Norfolk Southern traverses and the vast possibilities that are at hand.

DR. POTEAT SPEAKS ON "THE NEW PATRIOTISM"

Wake Forest College Head Addresses Seaside Assembly

Declares Against War, But Says Mexicans Will be Chastised if We Are Crowded Into a Fight—Musical Programme.

"If the pestiferous stings of the Mexicans develop into an organized attack on the friendship which they have professed, our boys from the St. Lawrence to the Pacific coast will march to chastise this lawlessness, and mold a semi-barbarous people back into a people more nearly civilized."

So said Dr. William L. Poteat, president of Wake Forest College, in an address last night to the delegates and visitors to the Baptist Seaside Assembly at Wrightsville Beach, in speaking on the subject of "The New Patriotism." The speaker was introduced by Mr. Carey J. Hunter, of Raleigh.

Although deprecating war and its horrors and pointing out that a man could develop all the heroic qualities in modern life by a fight on the great evils of social injustice, ignorance and vice, the speaker declared that the peace propaganda cannot be expected in a decade to overcome the instinct to make war on those who crowd us into a fight.

The musical programme last night included two very attractive selections by the Acme quartette, entitled, "Shall We Meet?" and "Jaunita." Miss Katherine Johnson, of Meredith College, again pleased the audience with her singing. She has a very sweet contralto voice and made such a favorable impression on the audience that she had to respond to two encores.

In the course of his address Dr. Poteat referred on more than one occasion to the things that are pushing this country on to war with Mexico and declared that there are three factors that tend to preserve the present tendencies toward jingoism. These, he asserted are, first, the munitions manufacturers; second, the politicians in search of an issue, and, third, the military and naval experts.

At the same time he very frankly admitted that everybody will fight if you crowd him. Even Mr. Wilson will fight if you crowd him. And one ought not to fight unless he is crowded into it. Continuing, he said: "Diplomats and statesmen assemble and pass their resolves on peace, and then straightway get up and forget all about it in settling their disputes by the old red game of war. The peace propaganda cannot overcome in a decade a habit established in the milleniums of history.

"As I left my home did I not see a carload of our khaki-clad boys headed for Mexico? There is undoubtedly something of the spirit of adventure in their response to the call of their country, but it is also a spirit of self-sacrifice and patriotism. I honor our young men for responding to the call of their country, but I covet them other and perhaps nobler service. It is the young men who should open up to us a world of new ideas. Henry James has said 'that a man becomes an old fogy after 25 years of age.' An old man can enlarge an old idea, but it is the young man who is receptive to new ideas. Most of us will serve our country best by serving our county, our city or our community.

"In all of the past history of the world there has been the tendency to honor the soldier. No other professional man has come in for such a large share of the world's admiration. Practically all the heroic qualities are attributed to the soldier.

"In the past war has developed the heroic and self-sacrificing side of men's natures. They have stood ready to give their lives for a great cause. But there is no need for the perpetuation of war to preserve these heroic qualities developed through the habit of war."

The speaker here explained his thought by declaring that the fight against disease, vice and ignorance offers ample and worthy fields for men and women of today to display qualities of heroism. He declared further that it was all right to have the spirit of nationalism and patriotism, but at the same time we ought above all things to have the spirit of humanism, and to recognize the rights of other nations. Some time, he stated, we shall turn the fighting instincts which we inherited from the very nature of our ancestors' mode of lives into a fight for worthy and noble things of life.

Today's Programme.

Dr. Poteat will speak again this morning at 11:50 o'clock on the subject of "The Christian Programme." At 10:40 o'clock, Rev. Dr. C. T. Bell will conduct the joint session of the Pastors' Conference and members of W. M. U., the subject for discussion being "The Baptist Student Missionary Movement—Its Place and Work in Our Denominational Work." The morning session will begin promptly at 9 A. M. with an address by Dr. W. J. McGlothlin on "Paul's Period of Preparation." Prof. L. P. Leavell will follow Dr. McGlothlin, and will speak on the subject of "The Departmental Basis." A musical period at 11:30 will be led by Dr. H. McN. Poteat.

A Little Blossom To Delight the Home

When it is known that in the near future the home is to be blessed with a

new arrival the first thought should be "Mother's Friend." This is an external remedy gently applied over the stomach muscles. It makes them firm and pliant, they expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the pain incident to the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."

If more convenient get a bottle on your way home. Remember that many of our most valuable aids to health and comfort and safety are only such when our knowledge of them is put into action. Begin early to suggest its use and "Mother's Friend" will soon become one of the most helpful influences ever devised for avoiding much of the distress incident to coming motherhood.

The directions are simple. Get it at any drug store. It is applied by the expectant mother herself, it penetrates deeply and affords quick and splendid relief in a most gratifying manner and reflects a physical betterment to the nervous disposition of the baby. Don't fail to get a bottle of "Mother's Friend" today and then write Bradfield Regulator Co., 713 Lamar Bldg., Atlanta, Ga., for a pretty little book brimful of information for expectant mothers. It is a delight to read it.

REGRET DR. HURT'S LEAVING

Resolutions of Appreciation Adopted by Durham Congregation at Farewell Service Sunday Night.

Rev. Dr. John Jeter Hurt, who recently resigned the pastorate of the First Baptist church in Durham to become pastor of the First Baptist church in Wilmington, preached his farewell sermon Sunday night to the congregation he has served during the past four years. An immense congregation was present, says yesterday's Durham Herald, and the minister preached a forceful sermon following which a special conference was held. Dr. and Mrs. Hurt have already arrived in Wilmington.

The Herald states that the conference was presided over by Mr. R. T. Howerton, chairman of the board of deacons, who requested Mr. W. J. Brogden to read resolutions concerning Dr. Hurt's departure, which had been prepared by a committee. The resolutions which were unanimously adopted are as follows:

"Whereas, Dr. John Jeter Hurt has resigned as pastor of the First Baptist church, of Durham, and has accepted the pastorate of the First Baptist church, of Wilmington, N. C., thereby terminating the relationship which has existed for the past four years, now, therefore, be it resolved by the First Baptist church, of Durham:

"That it is with deep and genuine regret that we sever the fraternal and spiritual ties which have bound us together for the past four years and which have enabled us to move forward in the kingdom of righteousness with unity of purpose, with singleness of ideals and with largeness of vision.

"Resolved further, that we extend to Dr. Hurt our sincere thanks and gratitude for the noble achievement which has been wrought under his leadership. When he came to Durham our membership was approximately 628. It is now 916, representing a net gain of 288 members in four years, making an average annual gain of seventy-two members. Within the past four years there have been 524 additions to the membership and approximately one-half of these have been received through baptism.

"Four years ago the indebtedness of the church was in round numbers $16,000. Today it is less than $1,500 and this deficit has accumulated from running expenses and fixed charges. Four years ago our budget did not exceed $5,000 and subscriptions did not exceed $3,800. Today our budget is $6,000 with signed subscriptions of over $5,000. In the fiscal year of 1911 the church raised for all purposes $16,440. In 1915 the church raised for all purposes $20,660.32, or an increase of over 26 per cent in twelve months.

"These facts are recited in detail, because they are positive and tangible proofs of efficient organization, of sound and substantial progress and of abounding life and vitality.

"These results have been achieved largely by means of wise leadership, untiring energy and exalted ideals of our retiring pastor who has at all times dedicated himself to his work with patience, diligence and unclouded insight into our fundamental needs and our peculiar opportunity for service.

"Resolved further that the church expresses its gratitude to the wife of Dr. Hurt for her deep and abiding interest in the work of this institution; for her zeal in promoting its welfare, and for the tender graces of a strong womanhood which have so often been manifested in our midst.

"We commend Dr. Hurt and Mrs. Hurt to our brethren in Wilmington with unshaken confidence, with unfaltering faith and with unclouded trust, and while the time of their departure is at hand we know that the silver cord of memory shall bind us together through many a lingering year and that the golden bowl of fellowship shall not be broken at the fountain of our love.

"Resolved further that a copy of this resolution be furnished the press of Durham, a copy spread upon the minutes of this church and a copy transmitted to the clerk of the First Baptist church at Wilmington, N. C., and a copy to the Biblical Recorder.

BURGAW NEWS BUDGET

The Boys go to Enlist—People Not Aroused Yet—Citizens in Hospitals.

(Special Star Correspondence).

Burgaw, N. C., June 27.—Dr. J. D. Durham and Messrs. J. W. Bland and Burke Moore left for Goldsboro yesterday morning for the purpose of enlisting in the Goldsboro company of the National Guard for service on the Mexican border if accepted and needed. Three or four other Burgaw boys are thinking of enlisting. Up to this time there has been very little interest taken here in the Mexican affair, insofar as wanting to go to Mexico to fight, but a few more such incidents as that of last week at Carrizal will arouse the people pretty fully.

The friends of Mr. Lyman Leonard, of Burgaw, will regret to learn that he had to go to a hospital in Baltimore last week to undergo a serious operation, but they will be glad to learn that he is getting along nicely and has high hopes of coming through all right.

The friends of Mr. G. W. Bradshaw regret to hear that he is in a critical condition after an operation performed in the James Walker Memorial hospital a few days ago. It is hoped that he is improving by now.

Burgaw was visited by a heavy rain Sunday and more yesterday. It is rough on farmers when farms are not clear of grass.

SUPERINTENDENTS OF A. C. L. IN CONFERENCE AT ROCKY MOUNT

Those of Three States Meet With General Superintendent Newell.

(Special Star Correspondence.)

Rocky Mount, N. C., June 27.—For a conference on many matters of business and the knotty problems of a railroad system, there was held in the office of the general superintendent of the Atlantic Coast Line this morning a meeting of the superintendents of the company from over three states. In addition to these officials, there were several trainmasters called into the conference. Among those attending the session, which was held in the office of Superintendent Newell, were Mr. E. P. Laird, superintendent of the Richmond district; Mr. C. L. Porter, superintendent of the Fayetteville district; Mr. B. J. Hughes, superintendent of the Norfolk district; Mr. R. B. Hare, superintendent of the Florence district, and Mrs. V. R. C. King, superintendent of the Wilmington district.

ISSUES ORDER FOR REUNION

General James I. Metts, Commander of State Confederate Veterans, Gives Detail of Arrangements.

Gen. James I. Metts, of this city, commanding the Confederate forces in North Carolina, has issued the following general order regarding the State reunion to be held in Wilmington July 26 and 27:

"The annual reunion of the North Carolina Division United Confederate Veterans will be held at Wilmington, N. C., July 26 and 27, 1916.

"A booth will be arranged at the railway depot where the veterans must register on arrival and receive their badges, which will entitled them to their meals.

"It is necessary for every veteran to furnish Col. L. Leon with a list of those wishing free entertainment (meals and lodging) that the committee may know how many to provide for.

"Wear your badges and bring your regimental and camp flags and banners.

"Drum corps and brass bands will be entertained as the veterans.

"Reasonable rates will be given by the hotels and boarding houses for those desiring accommodations. Those wishing free lodging are advised to bring blankets.

"The railroads will give the usual low rate, which can be had at each station.

"Division brigade, camp sponsors and maids of honor will be heartily welcomed.

"The hospitable citizens of Wilmington are alive to the occasion and are exercising themselves to make the "Old Boys" happy and comfortable.

"It is a pleasure to announce Mrs. Frank Huggins, of Wilmington, as chaperone and Miss Hannah A. Townsend, of Red Springs, as sponsor, for the division, and Misses Rosa and Jennie Parsons, of Rockingham, maids of honor.

"Automobiles will be furnished old veterans who are unable to march in the parade. For further information apply to Col. L. Leon, Wilmington, N. C.

BROWN IN FAYETTEVILLE.

Denounces Charge of Bolting Ticket in Columbus County.

(Special Star Correspondence.)

Fayetteville, N. C., June 27.—J. A. Brown, candidate for Congress against Representative Godwin, spoke to a good crowd here last night at the court house in advocacy of his candidacy. Mr. Brown made a good impression and as a speaker acquitted himself creditably. He was frequently applauded.

Mr. Brown denounced as untruthful the charge that he had once advised voters in Columbus county to vote against a Democratic nominee. He criticised Mr. Godwin's record in Congress, particularly his alleged failure to vote on certain important measures. He struck a distinctly optimistic note and predicted his nomination in the primary Saturday.

Mr. J. J. Maloney presided over the meeting and introduced Mr. Brown. Music was furnished by W. F. Blount, O. H. Wheeler and Ira Davis.

Kinston, N. C., June 27.—Record-breaking rainfall for one month in Lenoir county, and probably for East Carolina, was reported by Weather Observer H. C. V. Peebles here today. The total precipitation in June so far has been 8.68 inches. The rainfall ranged from .02 on the 15th to 2.12 inches on Sunday, the 25th. From the Sandy Bottom section, near here, it is reported that recent heavy rains washed away several bridges and cut out roads badly in places. The rain on Sunday filled a tub in a back yard there to a depth of even six inches.

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

'PHONE 862. REMEMBER THE PLACE.

THE TRUTH ABOUT THAT TELEGRAM

To the Editor Morning Star:—

My attention has been called to a card published by Mr. J. R. Williamson, in your issue of June 15th, while I was in Waynesville in attendance upon the Grand Lodge Knights of Pythias, which is a reflection on Mr. J. A. Brown, of Chadbourn, and myself, as Democratic Executive Committeemen of this county. In justice to us both, I must ask you to publish the truth about that telegram.

In the first place, Mr. J. R. Williamson, member of 1913 Legislature, passed a preferential primary law for Columbus County which was so drawn that when the returns were made for the only Democratic Primary held under it, it was well nigh impossible to get any two men to agree in all details as to the proper construction of the law.

Mr. Williamson, who was again a candidate for the house, did not receive a majority of the votes cast. The county executive committee sitting as a board of county canvassers in order to arrive at some solution of the matter, declared those who had received the highest number of votes to be the candidates.

Dr. Withers, who received the next highest vote to Mr. Williamson for the house, did not enter a protest as he had a right to do, in my opinion, but Mr. A. M. Benton, one of the candidates, contended that Mr. Williamson was not the choice of a majority of the Democrats, and had not been legally nominated under his own primary law, and so Mr. Benton declared himself an independent Democratic candidate. Mr. J. A. Brown tried to persuade Mr. Benton to withdraw, and when Mr. Benton came to Acme to make a speech, Mr. Garland Brown and Judge C. D. Koonce were both present, and heard me publicly call upon Mr. Benton to withdraw. I told him that I could not vote for him myself, and asked him to withdraw in the interest of party harmony.

Judge Koonce replied to Mr. Benton's speech and told him that he, too, thought he ought to withdraw. Mr. Benton refused, saying that he fully expected to be elected. A few days before the election in November, Mr. J. A. Brown wrote and requested me to go to Chadbourn, which I did. He said that he had positive information that the Republicans had had tickets printed for Mr. J. D. Maultsby, and were going to run him for the house, that he had failed to get Mr. Benton to consent to withdraw, that from the best information he could get that the people from the lower part of the county especially were strong for Benton, and if the Democrats divided about evenly between Williamson and Benton and the Republicans voted for Maultsby, it would elect Maultsby. He said that he had arranged to get a report from as many precincts as possible about midday, and as there was no telephone, but a telegraph office near our polling place at Newberlin, we arranged a short code, so that I might report to him and he to me, which we did. I sent him a message giving him the vote for the three candidates for the house up to that time, as near as I could. He answered me about an hour later, saying in substance that Benton was leading in 6 precincts, and that Maultsby was virtually out of the race.

As soon as the polls opened, Mr. Brown and I both set the example of regularity by voting for Williamson ourselves and every man who came up and expressed a desire to vote for Williamson was allowed to do so by me and the other Democrats at the polls, without a word or question, but when a man said he wanted to vote for Benton, if I felt I knew him well enough to have some influence over him, I took him to one side, showed him my code with Mr. Brown, explained the situation to him, and requested him not to vote until the afternoon. Some voted for Mr. Benton, anyway; others, about fifteen and not fifty as stated by Mr. Williamson in his first circular letter, told me that they would vote for Williamson in order to defeat Maultsby if necessary, but preferred to vote for Benton, when Mr. T. W. Pridgen, the railroad agent at Newberlin, received Mr. Brown's message to me, and translated it from my code for the benefit of those who were waiting to hear, they all said they wanted to vote for Benton, and did so.

Mr. Pridgen and I helped them to arrange their tickets. It is barely possible that two or three to whom I had not spoken at all about the matter and who came up to vote shortly before the polls closed, may have been influenced by the action of the Benton men, but I doubt it. When Mr. Melton Bordeaux, the Republican township chairman, saw these gentlemen voting for Benton, he immediately got the few remaining Republicans, at least two or three in number, to vote for Williamson. Mr. Brown and I did what we conceived to be our duty to the Democratic party, in trying to prevent a Republican from going to the Legislature.

When the Democratic primary was held, Mr. J. R. Williamson told Republicans in Ransom Township that they had a right to vote in the Democratic primary under his preferential primary law. Mr. E. W. Fuhr and Mr. S. Mitchell are my authority for this statement. After Mr. Fuhr had seen Mr. Irving B Tucker in Whiteville, he said that I was right and Mr. Williamson was wrong, and apologized to me for demanding the right to vote in the Democratic primary, which I had denied him; and I am sure that I have the respect and confidence of both these gentlemen, although we happen to differ in politics.

The effort to besmirch Mr. Brown's character and mine my a misrepresentation of the facts should prove a boomerang, and hit the fellow who threw it.

I am informed that the card printed in your paper is also being published in the local papers throughout this congressional district, as well as distributed in circular form. Who do you suppose is paying the bills?

Mr. J. A. Brown has served continuously for the last sixteen years as chairman of the Democratic Executive Committee of this county, though he has repeatedly tendered his resignation, which has not been accepted, and his Democracy is unquestioned. He has done more for Columbus County than any man in it, and, if elected to congress, will be a live wire and reflect credit and honor upon himself and this district.

Let justice be done though the Heavens fall. Truth is mighty, and will prevail.

Respectfully,
G. HERBERT SMITH.

THEATRICAL

Edna Maison, one of the most beautiful of photoplay stars, makes her first appearance in recent months at the Bijou today, starring with a brilliant array of supporting stars in a great two-reel dramatic feature, "Alias Jane Jones," the other bright stars being William Mong, Ray Hanford, Margaret Whistler, Edward Hearn and Georgia French.

"Alias Jane Jones" is a double-barreled detective story, at first it masquerades as a crook story and you don't know whether to sympathize with Edna, the lovely confidence woman, or not. But when you find out that she loves Edward you're glad to learn that she is the cleverest of women detectives, and they can get the license whenever they want to. It is a photo play with a gigantic punch in the very last flash and you will be lifted from your seat when you see it.

Dorothy Phillips and Ben Wilson, always popular, star in a big single reel dramatic heart interest feature, "The Code of His Ancestors," with a thrill in every flash. This is one of those tense, human dramas which could have been stretched into a five-reel feature easily.

Then comes the big comedy of the day—another one of those great Powers animated cartoon comedy features—"Mr. Fuller Pep; He Breaks for the Beach", with a scream in every inch. "Pygmies of the Zoo" is one of those great Ditmas educational subjects which is extremely interesting.

Great Day at the Grand.

It is a great day all around at the Grand today. From top to bottom there is not a weak link in the whole lay-out, as you will see by paying particular attention to this:

The bill is headed, of course, by the third great chapter of "The Secret of the Submarine." This great serial of thrills and punches is getting better every week, in fact, it is only now getting to the point where the thrilling story is being divulged in bargain lot quantities in each episode. The preliminaries of course, were not as stirring as the story itself will prove.

Stirring events aboard the real submarine mark this chapter—there are further attempts to learn the secret by the secret agents, also the young millionaire. Thomas Chatterton and Juanita Hansen in the two leading roles enact some of the most stirring scenes ever recorded in the films.

Constance Talmadge is another rare treat today, appearing in a great comedy feature, "The Little Puritan."

Then comes another great comedy feature—a Vitagraph — "Benjamin Bumps Book Agent", starring William Shea and Ethel Corcoran in the leading roles.

"Pasquale" at the Royal.

The most notable Paramount feature since "Carmen" is the way the public has pronounced "Pasquale", today's great Paramount photoplay at the Royal theatre, starring that greatest of all American character delineators, George Beban, who starred in the great screen triumphs, "An Italian" and "An Alien", last year. Surrounding Mr. Beban is such a galaxy of Paramount stars as has never before assembled in a single photoplay, including beautiful Myrtle Stedman, "The American Beauty," Helen Eddy, and Page Peters.

"It is a picture to touch the heart," says the Moving Picture World in a strong article, continuing, "the best thing about the picture is that the chief characters affect you as real human beings; you simply can't resist them."

"Pasquale" is a photoplay full of poetry, romance and heart interest. Pasquale, simple and lovable son of Italy, loves Margarita, and Colombo, his horse that drags his fruit cart. Margarita loves Charlie, a man about town, and marries him. Pasquale goes away to the great war and leaves Margarita and Charlie. From here unexpected turns take the screen and the end, of course, a happy one, is one that is both novel and entertaining.

LESS THAN TWO HOURS CONSUMED IN HIS TRIAL

Took Jury But Three Minutes to Reach Verdict of Guilty.

Green County Negro Youth Convicted of Criminal Assault and Sentenced to Die July 21—Court House Guarded by Militia.

(Special Star Correspondence.)

Snow Hill, N. C., June 27.—Less than two hours was consumed for the trial and but three minutes was required for a verdict in the case of Will Black, the young negro who was convicted in Green county court this morning and was sentenced to death in the electric chair on Friday, July 21. Accompanied by two companies of the National Guard of 150 members, the negro was taken from the State penitentiary at Raleigh to Snow Hill for trial. Reaching Snow Hill at 6:15 this morning, the negro was placed in the jail here and a double line of patrol established by the guardsmen about the jail and the court house.

Though there were wild threats and several manifestations of anger by some of the great crowd that were attracted into the town by the trial, the militia held the situation well in hand and all who approached the outside line or attempted to enter the court house square were turned back.

Judge Devin rapped the special session of court to order this morning at 9:30, but 30 minutes was required to empanel a jury and by 10 o'clock the hearing of the evidence had started. There were but three witnesses examined, the mother of the child, and two men. The evidence was concluded by 10:20 and the jury retired to be absent but three minutes and to return with a verdict of "guilty", whereupon Judge Devin pronounced the sentence of death. There were no spectators in the court room and only the officers of the court, the witnesses and the jury. The negro was unmoved and showed little interest in the hearing.

Following the conclusion of the trial, the militia guarding the young negro, who is but 16 or 18 years old, returned with him to Raleigh where he will be placed in confinement in the State penitentiary awaiting the execution of the court's order.

Will Black's crime was one of the most atrocious and revolting in the history of Eastern Carolina, that of criminal assault on a six-year-old white child, and an attempt on the mother who came to the rescue and who was beaten into insensibility. The negro then escaped and was armed by his father, Joseph Black, and, it is alleged, was instructed to kill those who might molest him. The negro youth did wound two deputies and received a slight wound himself before he was taken prisoner. The father of the boy, who was arrested later and taken to Lenoir county for safe keeping, was removed on the night of March 30, taken back to Green county and lynched.

SUCCESSFUL CONTESTANTS AT BLADEN HEALTH COMMENCEMENT

List of Those Reading Prize Essays and Their Subjects.

(Special Star Correspondence.)

Elizabethtown, N. C., June 27.—A most interesting feature of the Bladen County Health Commencement, the first event of the kind ever held in the State, held here last Saturday, was the awarding of prizes to the winners in the contest in the writing of essays on health subjects. The prize essays were read by their authors.

Following is a list of the successful contestants: "Rural Sanitation," Mrs. Angus Cromartie, Garland; "The Value of Raising Poultry from a Health Standpoint," Mrs. J. E. L. Winecoff, Clarkton; "Why There Are So Many Old Maids and Bachelors in Bladen," Miss Gretta Smith, White Oak; "Pellagra, Its Cause, Prevention and Treatment," Miss Kate M. Johnston, Clarkton; "Gardening, and Its Importance," Mrs. E. J. Cox, Clarkton; "The Importance of a Varied and Well Cooked Diet," Mrs. G. H. Currie, Clarkton, tied with Mrs. A. McA. Council, White Oak; "Typhoid," Miss Douglass Council, White Oak; "Malaria," Miss Lela Taylor, Ruskin, tied with Miss Alma Holland, Hollow township; "The Importance of Care in Rearing and Feeding Babies," Mrs. S. F. Cain, Tar Heel. Miss Lucille Cain won the prize for baking and Miss Evelyn Council the prize awarded to the school district.

Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen that would impose on the country an additional burden in transportation costs of $100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employes, whose efficient service is acknowledged, the railroads have no differences that could not be considered fairly and decided justly by such a public body.

Railroads Urge Public Inquiry and Arbitration

The formal proposal of the railroads to the employes for the settlement of the controversy is as follows:

"Our conferences have demonstrated that we cannot harmonize our differences of opinion, and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railways be disposed of by one or the other of the following methods:

1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railways, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable; or, in the event the Interstate Commerce Commission cannot, under existing laws, act in the premises, that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved: or

2. By arbitration in accordance with the provisions of the Federal law" (The Newlands Act).

Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employes are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike.

The Interstate Commerce Commission is proposed by the railroads as the public body to which this issue ought to be referred for these reasons:

No other body with such an intimate knowledge of railroad conditions has such an unquestioned position in the public confidence.

The rates the railroads may charge the public for transportation are now largely fixed by this Government board.

Out of every dollar received by the railroads from the public nearly one-half is paid directly to the employes as wages; and the money to pay increased wages can come from no other source than the rates paid by the public.

The Interstate Commerce Commission, with its control over rates, is in a position to make a complete investigation and render such decision as would protect the interests of the railroad employes, the owners of the railroads, and the public.

A Question For the Public to Decide

The railroads feel that they have no right to grant a wage preferment of $100,000,000 a year to these employes, now highly paid and constituting only one-fifth of all the employes, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts.

The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.

COTTON NERVOUS; DECLINES

Circulation of July Notices Causes Unsettlement—Close Steady at Loss of 6 to 16 Points.

New York, June 27.—The cotton market was nervous and unsettled today, owing to the circulation of July notices which were estimated at between 20,000 and 30,000 bales. July broke to 12.90, or 21 points under last night's close, while October sold off to 13.12 or 12 points net lower, closing at 13.15. The general list closed steady at a net decline of 6 to 16 points.

The opening was irregular with first prices 5 points lower to two points higher. Spot houses were bidding for good lots of July on the call, and prices soon steadied with the active months selling about 1 ot 6 points net higher. Liverpool was a seller, however, and on reports that more notices were in circulation than anticipated the market soon turned easier.

Liquidation became active and general during the afternoon, coming from Wall Street, Southern and Western sources. The market eased off rather sharply, with the difference between July and October widening out to about 22 points and with the general list showing net losses of from 10 to 21 points in the late trading. Closing prices showed moderate rallies, while there also may have been some scattered buying for a reaction, on a theory that July liquidation over the market would do better on a stronger technical position.

NEW ORLEANS COTTON.

Early Rise Gives Way on Unfavorable Reports for July.

New Orleans, June 27.—After a small rise around the opening today the cotton market developed a soft feeling and values fell off for a net decline, largely on the report from New York that July notices were not well received. July here displayed more strength than any other month, going to a net decline in a grudging manner and closing at a net loss of one point, while other months showed net losses of 6 to 9 points.

The opening was steady and prices advanced 3 to 6 points on buying based on good cables and scattered showers over the belt. The later advance to 4 to 8 points, net increased offerings as the result of New York regarding July tenders. There wa sa gradual sag until late in the session the active months were 7 to 14 points under yesterday's close.

The close was steady: July 12.94; October 13.03; December 13.15; January 13.24; March 13.43.

Spot cotton quiet and unchanged; sales on the spot 510 bales; to arrive 250 bales; middling 13.06.

WHEAT NERVOUS AND LOWER

Disappointment Over Smallness of Export Sales Causes Reaction From an Early Advance.

Chicago, June 27. — Disappointment over the smallness of export sales of United States wheat caused a reaction from an early advance in the wheat market today. Prices closed nervous at the same as yesterday's finish to a quarter cent lower, with July 1.01¼ and September 1.04¼.

Corn wound up ¼ to ⅝@1 higher, with oats varying from a shade off to ⅛ gain, and provisions unchanged to a decline of 5 cents.

STOCKS ON UPWARD MOVE

Market Experiences General Upward Revision—Rails Show Activity—War Issues in Better Demand.

New York, June 27.—The stock market experienced a general upward revision today, albeit the Mexican situation seemed to have lost none of its threatening aspects. Recoveries, which were considerably shaded in the final hour, were attributed largely part to the oversold condition of recent days.

Among helpful factors were the action of the Interstate Commerce Commission which essance granted materially higher rates to trans-continental roads, increased copper dividends and an "extra" for Central Leather, additional railway earnings, a new high mark for the country's export and another large importation of British gold, increasing the total from that source to $110,000,000.

Reading and United States Steel led the movement in representative stocks, the former gaining two and a half points, while steel made an extreme rise of two from its minimum of the opening.

War issues were in better demand, Crucible Steel showing a gain of four points, while allied industrials and equipments ranged two to three points higher. Coppers were active, Anaconda gaining three and a quarter and Motors responding in like measure.

Mexican Petroleum and other oils were firm to strong in the forenoon but lost ground later. A half score of miscellaneous issues, including United States Industrial Alcohol and shipping shares recovered variable but substantial gains during the intermediate session.

Aside from Reading, rails were listless during the forenoon, but contributed to the activity of the later dealings, mostly at better prices. Total sales 535,000 shares.

Foreign exchange was irregular sterling being strong with heaviness in marks.

Bonds were irregular, total sales, par value, $2,790,000.

U. S. Bonds unchanged on call.

CLINTON SOLDIER BOYS GIVEN A BIG SEND-OFF

Royally Entertained Last Night by Men and Women.

Clinton Light Infantry Hosts at Barbecue Supper, Featured by Addresses and Presence of Confederate Veterans.

(Special Star Telegram.)

Clinton, N. C., June 27.—The Sampson Light Infantry, which leaves in the morning for Camp Glenn, was royally entertained here tonight by the men and women of the town and country for the purpose of giving the khaki-clad boys a send-off and in order to show their appreciation of the spirit of sacrifice and loyalty which has prompted them. A barbecue was given with all of the trimmings.

In addition to giving them an appetising barbecue the women of the town fixed lunches for the men to take with them to camp. The barbecue was presided over by Mr. H. L. Stewart, mayor of the town. An address was made by Major George E. Butler, himself a veteran of the Spanish-American war, and a response was made to this address by Lieut. N. F. L. Whitefield, of the local company. The two addresses, into which was breathed a spirit of patriotism and of love, were frequently interrupted by applause.

Among the honored guests of the barbecue and supper were a number of Confederate veterans whose presence was an inspiration to their sons and grandsons who have taken up their swords which so long lay idle.

The Sampson Light Infantry leaves here in fine shape. The personnel of the men is good and that of the officers is splendid. They are as follows:

Captain, G. K. Hopps, First Lieut. N. F. L. Whitefield, Second Lieut. J. O. Barbrey. In addition to these company officers Major C. M. Faircloth, commander of the Third battalion of the Second regiment, is a resident of Clinton. With him will go his adjutant-lieutenant, W. H. Herring, and his sergeant major, Sergeant A. G. Robinson.

GOLDSBORO GIVES BOYS PUBLIC RECEPTION AND BARBECUE.

Goldsboro, N. C., June 27.—Tonight Goldsboro is honoring the two military companies of the city on the eve of their departure, at a public reception, on the court house square, where National colors are flying and banquet tables are loaded with toothsome viands. Under the auspices of David Williams chapter, Daughters of the American Revolution, assisted by Thomas Ruffin chapter, Daughters of the Confederacy, a bounteous barbecue dinner was served companies D and E this afternoon at 1 o'clock. The two companies now number close to 250 men.

DR. POTEAT SPEAKS ON "THE NEW PATRIOTISM"

(Continued From Page Six).

will be Dr. E. W. Sikes, president of Coker College, who will deliver an address on the subject of "By-Products." The address will be preceded by an interesting musical programme.

Morning Session.

Dr. B. W. Spilman made the main address of the morning yesterday. He made a very inspiring address on the subject of "Guarding the Deposit." He spoke instead of Dr. Poteat, who was delayed in arriving on account of a train wreck. Addresses were also made by Prof. L. P. Leavell, professor of pedagogy at the Southern Baptist Theological Seminary, who spoke on the subject of "The Leader's Vision"; and Dr. W. J. McGlothlin, of Louisville, Ky., who opened the session with an address on "The World of Paul."

MANY CHANGES IN COURT PROCEDURE ARE RECOMMENDED

(Continued From Page Two.)

associates." "We must never drift from that anchorage."

Need Elastic Court Rules.

He recommended a system of elastic court made rules for the regulation of the trial courts in the place of the present, unscientific, unrelated, inflexible statutes that wasted over half the time of the courts. In this system there would be nothing to learn but only simple rules to follow and no lawyer would find the doors of the Federal courts closed in his face on account of ignorance of a technical, incongruous procedure. He recommended that the lawyers, by states, circuits or districts should recommend candidates for judges because they knew of the qualifications and temperament better than any other persons.

Quoting Mr. Madison, that "whatever respect may be due to the rights of private judgment * * * there can be no doubt that there are subjects to which the capacities of the bulk of mankind are unequal and on which they must and will be governed by those with whom they happen to have acquaintance and confidence," he declared there should be a high Judicial Commission to superintend the entire structure, operation and improvement of the Judicial Department as it was a highly scientific element of government. This would be a superintendent of the government's business in the Judicial Department. It should serve without pay in order to avoid politics and be composed of a justice of the Federal Supreme Court, a United States Circuit and District Judge, a State Appellate Judge, the Solicitor General or the Attorney General, two law teachers and four practicing lawyers; in order to avoid politics, the circuit, district and state judges should be selected by the Interstate Conference of Judges, the lawyers by the American Bar Association and the teachers by the Association of Deans of Law Schools. This commission would receive and make suggestions to the courts and to Congress as to the operation of the courts. A wholesome public sentiment would eventually prevent legislation affecting the courts until it had been considered by the commission. Declaring that courts do not draw their power from the words of constitutions but from a patriotic individual submission and respect, that is the noblest attribute of American citizenship, he called upon the lawyers to become teachers in imparting the American spirit, particularly to the new citizens. "The American national life does not permit of the flow through its midst of a gulf stream of foreign governmental and individual theories."

Declaring that the structure of the government, as prepared by our forefathers, was well nigh perfect, he pleaded for its preservation; for a genuine support of the constitution as interpreted by Chief Justice John Marshall and recommended greater familiarity in the schools and colleges with the correspondence of the makers of the constitution.

No American Esaus Needed.

"I would leave with you an old, old story and a new thought," he continued, "God's covenant with Abraham was the promise that 'in thee and in thy seed shall all the Nations and families of the earth be blessed.' Abraham left his country and kindred and went into strange lands to raise up a new people. Isaac was faithful to his birthright. But Esau, whose duty it was to keep the family covenant (Gen. 25:34) despised it and eventually bartered it in satisfaction of temporary appetite. He had no conception of the sacred obligation of an inherited duty and cared for nothing but the attractions of the present for which he resorted to any expediency.

"Some three hundred years ago the Patriots left their country and kindred and come into this strange America to raise up a new and mighty Nation. Inspired by a love of liberty and righteousness and individual independence, to them as sacred as Abraham's covenant with God, they left to their children the constitution of the United States that, through it, all the nations and families of the earth might be blessed. John Marshall, Virginia's greatest gift to the Nation preserved it in its perfect spirit and splendid glory. My last appeal to you of this generation is that there shall be no Esaus in our midst to barter away that birthright for any temporal advantage."

Col. Skinner's Address.

"These courts are exactly the reverse and the greatest barrier possible to uniform legislation and court procedure, which the American Bar Association and the several State Bar Associations throughout the Union are attempting to bring about," declared Col. Harry Skinner, president of the North Carolina Bar Association in his annual address yesterday in speaking of the courts inferior to the Superior Court. Colonel Skinner's address was an able, scholarly and eloquent enunciation of some of the cardinal principles of the present day system of legal procedure and an earnest appeal that the dignity of and purity of the judiciary might ever be unsullied.

After reviewing briefly in his address some of the notable decisions of the past year by the North Carolina Supreme Court, President Skinner spoke with approval of the establishment by the Legislature of 1915 of a commission looking to "Uniform Legislation and Court Procedure." Colonel Skinner declared that "we should feel complimented that the Legislature should have authorized this commission and thankful to Governor Craig that he should have appointed on this commission such wise, learned and practicable men."

Court System Wrong.

"I have come now to a very disagreeable task, that is to analyze and in some respects criticise our present system of local courts, which I think the profession has negligently permitted from time to time in different localities to be established without proper forethought as to where such a system was leading," said Colonel Skinner following his general resume.

"Instead of being as North Carolina should always be, and has always been," he added, "to the front in leading progress, we have supinely permitted in the recent past to be established a system of local courts, which directly makes impossible unity of legislation and unity of procedure and creates chaos as to law and open conflict as to procedure."

In the establishment of these courts, said Colonel Skinner, there has been no unity of territory, no unity of jurisdiction, some have juries, some do not, some provide for an appeal, others make no provision for such action.

"The local courts not only trespass upon the jurisdiction of the Superior Courts and the Justice of Peace Courts," the speaker declared, "but in attempting to occupy their supposed jurisdictional domain, they have given us a system of courts that are more expensive, less effective and more demoralizing to the public and to the profession of law than any system ever attempted in this State.

"If you can by legislative enactment make larceny a petty misdemeanor why not manslaughter, perjury and other offenses of a higher grade of criminality," Colonel Skinner quoted with approval from an opinion of Justice Walker after the speaker had made a very thorough review of the steps by which our present system of courts have been evolved, one of the later features of which are the local inferior courts to which the Legislature has given restricted jurisdiction.

"I agree with Justices Walker and Allen," said Colonel Skinner after quoting from opinions of these judges of the Supreme Court. "I cannot see any necessity for this class of courts, because the territory lying between the Supreme and the J. P. courts is occupied entirely by the Superior Courts. All that is needed is more Superior Courts."

President Skinner pointed out the dangers that lie in allowing judges of courts to practice in other courts, as too often happens in North Carolina, and made an eloquent appeal that the ermine of the bench might ever be kept unsullied.

"These local courts as constituted are an insidious and dangerous attack on the sacred rights of our jury system both grand and petty," he added. "The jury system was here before and at the time of the adoption of our Constitution." The speaker cited many authorities to show how the right of trial by jury has been handed down from the days of Magna Charta. "I want to emphasize that this Association should never commit itself to a system of courts either by abolishing the grand jury or impairing the right of trial by jury."

President's Recommendations.

Colonel Skinner's recommendations, as embodied in his annual address, are as follows:

1. That all county, special and recorders' courts be abolished.

2. That there be an increase in the number of the Superior Court districts to 32, divided into eight divisions, to meet constitutional limits, and that the Superior Court judges' salary be increased $1,000 per annum.

3. That the Supreme Court judges be increased to nine, to be divided into two sections, Section No. 1, and Section No. 2; both sections to hear arguments separately at the same time, and that the Chief Justice sit with either Division No. 1, or Division No. 2, and the entire court called in on matters relating to constitutional questions or matters of grave public interest. That the Chief Justice act as arbitrator between the two courts in matters in which the courts of four are divided.

4. That the Chief Justice of the Supreme Court shall have immediate charge of directing the special cuorts, and to direct the service of the emergency court that would be established after the adoption of the present constitutional amendment.

5. That solicitors be put upon a salary basis.

6. The adoption of the Constitutional Amendment submitted by the General Assembly in 1915.

7. That an amendment be submitted to Article 4, of the Constitution, the Judiciary Article, to-wit: That the General Assembly shall have full power to modify, change, abrogate the provision of Section 6-11 of this Article and to substitute others in their place. This would permit the Legislature to abolish the rotation system whenever public sentiment required it.

8. That in civil as well as criminal cases on an appeal to the Superior Court, that the Supreme Court on proper amendment, proceed to judgment, notwithstanding J. P. or other inferior court did not have jurisdiction. This is simple, wise and more direct than to dismiss and require a new proceeding or action.

9. That Section 1042 of U. S. Revisal consolidating criminal offenses in one indictment be adopted.

10. That all private prosecution be abolished, and not permitted.

11. That Section 330 of U. S. Criminal Code be adopted, leaving it discretionary with the jury to remit capital punishment.

12. That in all offenses not punishable by death, that a statute be adopted authorizing the jury whenever it thinks proper to fix punishment within the limit prescribed by law.

13. That if the system of country courts be retained, then that the judges of such courts be forbidden by statute to practice law; the law forbids County Commissioners, Justice of the Peace, Clerk of Courts, Judges of Supreme and Superior Courts, and certainly there is as much or more reason for judges of these local courts to be forbidden from practicing law as the others. And the solicitors of these inferior courts should be forbidden to practice in criminal courts so as to put them exactly on the same footing as State solicitors.

Like A Boy at 50 Bubbling Over With Vitality—Taking Iron Did It!

Doctor says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 200 per cent. in two weeks time.

New York, N. Y. — Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact a young man he really was, notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 30 he was in bad health; at 46 careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said, a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition, brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work, or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the affray, while many another has gone down to inglorious defeat simply for the lack of iron.—**E. Sauer, M. D.**

NOTE—Nuxated Iron recommended above by Dr. Sauer is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit $100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' tome. It is dispensed in this city by all druggists.
